Index for Years 1955, 1956 and 1957

NOTE: The volume year is in *italic* type. Page numbers of symposium and clinic titles are in **boldface** type.

SYMPOSIA

	1955
February (Chicago)	TECHNIQUES AND PROCEDURES IN SURGERY
April (New York)	CRITICAL EMERGENCIES
June (Lahey Clinic)	SURGERY OF THE DIGESTIVE TRACT
August (Mayo Clinic)	CARDIAC AND VASCULAR SURGERY
October (Nationwide)	FUNCTION AND DISEASE OF ANORECTUM AND COLON
December (Philadelphia)	APPLIED PHYSIOLOGY IN MODERN SURGERY
	1956
February (Chicago)	DIAGNOSIS IN GENERAL SURGERY
April (New York)	NEW ADJUNCTIVE MEASURES IN SURGERY
June (Lahey Clinic)	SURGICAL TECHNIQUE
August (International)	NEW OPERATIONS
October (Nationwide)	EMERGENCY SURGERY OF TRAUMA
December (Nationwide)	PEDIATRIC SURGERY
	1957
February (Chicago)	MODERN ORTHOPEDIC MANAGEMENT
April (New York)	MODERN MANAGEMENT IN OBSTETRICS AND GYNECOLOGY
June (Lahey Clinic)	SURGICAL COMPLICATIONS: THEIR PREVENTION AND MANAGEMENT
August (Mayo Clinic)	ABDOMINAL SURGERY
October (Nationwide)	1. ENDOSCOPY 2: HAZARDS AND SAFEGUARDS IN DRUG PROPHYLAXIS AND THERAPY IN GENERAL SURGERY
December (Philadelphia)	COMMON OPERATIONS—REFINEMENTS IN TECHNIQUE

ABDOMEN, acute, diagnosis, *1956:* Feb., **101–117**
differential, serum amylase in, *1956:* Feb., 143
opened, diagnosis in, *1956:* Feb., 171
anatomic variations, *1955:* Dec., **1527–1537**
aneurysms, arteriosclerotic, surgical treatment, *1956:* Aug., **983–993**
distention, following colon surgery, *1957:* June, 744
examination, in infants and children, *1956:* Feb., **93–100**
exploration, in radical hysterectomy, *1956:* Aug., 1087
Abdomen, exploration, indications and technique, *1957:* Dec., **1611–1613**
injuries, emergency management, *1953:* Oct., 1185, **1289–1294**
evaluation, in automobile accident, *1956:* Oct., 1217
penetrating, treatment, *1955:* April, **463–470**
surgery of, anesthesia for, *1956:* Oct., 1246, 1291
mass in, in children, diagnosis, *1956:* Feb., 98
is it bladder?, *1956:* Feb., 216
rigid, in children, diagnosis, *1956:* Feb., 100

Abdomen, surgery of, anesthesia for, *1957:* Aug., **1085–1090**
blood pressure changes during, *1957:* Aug., 1086
symposium on, *1955:* June, **617–698**; *1957:* Aug., **909–1182**
thoracic complications, management, *1957:* Aug., **1059–1069**
upper, surgery of, anesthesia for, *1956:* June, **653–659**
vascular system, variations and anomalies, *1955:* Aug., **1123–1131**
wounds, disruption, analysis of 217 cases, *1957:* June, **731–736**
etiology, recognition and management, *1955:* April, **471–485**
nonpenetrating, *1957:* Aug., **1037–1045**
routine measures, *1957:* Aug., 1041
penetrating, treatment, *1955:* April, **463–470**
Abdominoendorectal resection, combined, technique and critical reappraisal of 91 cases, *1957:* Aug., **989–997**
Abdominoperineal pull-through operation for imperforate anus, *1956:* Dec., 1539
resection, combined, mortality and morbidity following, with special reference to closure of posterior wound, *1957:* Aug., **999–1007**
urologic problems following, *1957:* June, **767–773**
Abortion, habitual, hysterosalpingography and tubal insufflation in, *1956:* June, **773**
psychophysiologic mechanisms, *1957:* April, 448, 450
role of emotional determinants in, *1957:* April, **447–458**
incomplete, intravenous Pitocin drip in, *1957:* April, 445
therapeutic, in large general hospital, *1957:* April, **459–469**
Abrasions, early care, *1955:* April, 356
treatment, *1956:* Oct., 1253
Abruptio placentae, *1957:* April, 393
Abscess. See also under names of organs.
abdominal, in children, diagnosis, *1956:* Feb., 98
epidural, after intracranial procedure, *1957:* June, 867
following sinus operation, *1957:* June, 596
perirectal, digital findings, *1956:* Feb., 161
postoperative, in appendicitis, prevention and treatment, *1955:* April, 421
subdiaphragmatic, roentgen diagnosis, *1957:* June, **633–535**
subphrenic, complicating abdominal surgery, *1957:* Aug., 1060
Absorption, fat and protein, after gastric resection, *1955:* Dec., **1683–1691**
in colon, *1955:* Dec., 1723
Absorption techniques for pediatric anesthesia, *1956:* Dec., 1449
Accidents, automobile, assaying body damage in, *1956:* Oct., **1209–1219**
emergency care by laymen, *1956:* Oct., **1173–1189**
prevention, *1956:* Oct., 1188
priorities in treatment, *1956:* Oct., 1196
Achalasia, *1956:* Feb., 65
esophagoscopy in, *1957:* Oct., 1223
Acidity, meaning of, *1956:* April, 316
Acidosis, in gastrointestinal surgery, *1955:* Oct., 1196
metabolic, *1956:* April, 319
respiratory, *1956:* April, 326
significance and treatment, in surgical patients, *1956:* April, **315–333**
ACTH, effect on wound healing, *1955:* April, 475
in adrenal insufficiency, postoperative, *1957:* June, 715
in surgery, hazards and safeguards, *1957:* Oct., 1426
in ulcerative colitis, *1955:* June, 814
Addison's disease, diagnosis, *1956:* Feb., 199
impact of emergency surgery in, *1955:* April, 326
Adenocarcinoma of thyroid, *1955:* Dec., 1677
Adenoma, of colon and rectum, *1955:* Oct., **1259–1275**
treatment, *1955:* Oct., 1263
of pancreas, islet cell, location of, *1956:* June, 710
of thyroid, malignant, *1955:* Dec., 1673
surgery of, *1956:* June, **601–609**
Adenomyosis of colon, roentgen diagnosis, *1955:* Oct., 1237
Adhesions, intestinal obstruction due to, *1956:* Feb., 110
Adjunctive measures in surgery, symposium on, *1956:* April, **255–546**
Adolescent, gynecologic surgery in, *1957:* April, **501–515**
Adrenal cortex, tumors, diagnosis, *1956:* Feb., 194
Adrenal glands, lesions, retroperitoneal pneumography in, *1955:* June, 889
surgery of, complications, *1957:* June, **699–713**
technique, *1957:* June, 702
surgical lesions and diseases, diagnosis, *1956:* Feb., **193–203**
Adrenal insufficiency, acute, postoperative, management, *1955:* Dec., 1636
postoperative shock due to, *1957:* June, 711, **715–718**
Adrenalectomized state, management, *1957:* June, 711
Adrenalectomy, for cancer in male, *1955:* Dec., **1663–1667**

Adrenalectomy, with sympathectomy for hypertension, physiologic changes after, and their management, *1955:* Dec., 1633, 1637
physiologic problems at operation, *1955:* Dec., 1636
results, *1955:* Dec., 1639
Adrenocortical steroids, complications, *1957:* Oct., 1427
excretion in pregnancy, *1957:* April, 347
use in surgery, hazards and safeguards, *1957:* Oct., 1425
Adrenocortical insufficiency, iatrogenic, *1957:* Oct., 1433
Adrenogenital syndrome, *1957:* April, 509, 525
diagnosis, *1956:* Feb., 194
hypertrophy of clitoris in operation for, *1957:* April, 510
Adson's sympathectomy for hypertension, *1955:* Feb., 256, 257
Afibrinogenemia in placental abruption, *1957:* April, 397
Aged persons, fractures of femoral neck in, management, *1957:* Feb., **237–249**
trauma in, emergency management, *1956:* Oct., 1412
Agglutination of labia minora in children, *1957:* April, 505
Agranulocytosis with drug therapy, *1957:* June, 830
Airway, maintenance, at operation, *1955:* Dec., 1557
in craniocerebral injury, *1956:* Oct., 1297
in facial injuries, *1956:* Oct., 1309
in maxillofacial injuries, *1955:* April, 565
obstruction, relief, at accident scene, *1956:* Oct., 1179
in thoracic trauma, *1956:* Oct., 1277
Albamycin, reactions to, *1957:* June, 832
Albumin, administration, postoperative, cautions, *1957:* April, 318
serum, in shock, *1955:* Dec., 1591
Alcohol, for nerve blocking, *1955:* Feb., 16
for sterilization, *1956:* April, 263
Aldosterone, excretion, in pregnancy, *1957:* April, 350
in surgery, hazards and safeguards, *1957:* Oct., 1427
Alimentary tract, obstructive lesions in infants, diagnosis, *1955:* Feb., 305
Alkalinity, meaning of, *1956:* April, 316
Alkalosis, in gastrointestinal surgery, *1955:* Oct., 1189
metabolic, *1956:* April, 324
respiratory, *1956:* April, 329
severe, at operation, *1955:* Dec., 1569
significance and treatment, in surgical patients, *1956:* April, **315–333**
Allergy, drug, in surgical patients, *1957:* June, **827–833**
food, mouth lesions in, *1955:* June, 622
Amebiasis of colon, surgical complications, *1955:* Oct., **1421–1426**
Amputation, contractures after, prevention, *1956:* April, 530
pretraining, *1956:* April, 529
prostheses, *1956:* April, 531
rehabilitation after, *1956:* April, 527
site, selection of, *1956:* April, 529
stump, shrinking, *1956:* April, 530
Amylase, serum, in differential diagnosis of upper abdominal crisis, *1956:* Feb., 143
in pancreatitis, acute, *1956:* Feb., 142
Anaphylactoid drug reactions in surgical patients, *1957:* June, **827–833**
Amenorrhea, diagnosis and therapy, *1957:* April, **517–529**
due to disturbances in primary menstrual axis, *1957:* April, 523
in adrenogenital syndrome, *1957:* April, 525
in hypometabolic syndrome, *1957:* April, 525
of thyroid origin, *1957:* April, 524
Amniotic fluid, origin and fate, *1957:* April, 405, 407
physiology, *1957:* **405–419**
Amniotomy, abdominal, in hydramnios, *1957:* April, 402
technique, *1957:* April, 402
Ampulla of Vater, anatomy, *1957:* Aug., 945
Amputations, *1957:* Feb., **103–118, 119–134**
congenital, *1957:* Feb., 133
in children, *1957:* Feb., 132
postoperative care, *1957:* Feb., 105
prosthetic considerations, *1957:* Feb., 107, 119
stump, treatment of, *1957:* Feb., 104
surgical technique, *1957:* Feb., 104
Analgesia in obstetrics in presence of heart disease, *1957:* April, 337
Anastomosis, leaks in, after colonic surgery, *1955:* Oct., 1339
obstruction at, after colonic surgery, *1955:* Oct., 1341
portacaval, rationale, indications and technique, *1955:* Aug., **1099–1115**
site, prevention of implantation of cancer cells at, in colon surgery, *1955:* Oct., 1369
Anatomy, variations, in abdomen, *1955:* Dec., **1527–1537**
Androgen therapy, hazards and safeguards, *1957:* Oct., 1435
Anemia, hemolytic, acquired or autoimmune, *1957:* Aug., 1126
congenital, *1957:* Aug., 1126
hypochromic, mouth lesions in, *1955:* June, 621
in carcinoma of colon and rectum, management, *1955:* Oct., 1202

Anemia, in pregnancy, heart failure and, *1957:* April, 331
pernicious, mouth lesions in, *1955:* June, 621
Anesthesia, absorption technique, for infants and children, *1956:* Dec., 1449
caudal, for anorectal surgery, *1955:* Oct., 1449, 1453
during induced hypotension, *1956:* April, 298
endotracheal, for pediatric surgery, *1956:* Dec., 1446
ether, in pediatric surgery, *1956:* Dec., 1448
fire and explosion hazards, *1957:* June, **783–801**
for abdominal surgery, *1957:* Aug., **1085–1090**
in trauma, *1956:* Oct., 1246, 1291
for bronchoscopy, *1956:* Feb., 13; June, **641–647**
for cardiac surgery, *1955:* Aug., **911–918**
for culdoscopy, *1957:* Oct., 1360
for cystoscopy, *1957:* Oct., 1349
for emergency gastrointestinal surgery, *1955:* June, **853–858**
for esophagoscopy, *1956:* June, **641–647**
for facial surgery in trauma, *1956:* Oct., 1326
for hand surgery, *1956:* Oct., 1341
for head and neck surgery in trauma, *1956:* Oct., 1243
for laryngoscopy, *1956:* June, **641–647**; *1957:* Oct., 1306
for lower extremity surgery in trauma, *1956:* Oct., 1248
for pediatric surgery, *1955:* Feb., 310; *1956:* Dec., **1441–1452**
for peroral endoscopy, *1956:* June, **641–647**
for proctosignoidoscopy, *1957:* Oct., 1270
for radical hysterectomy, *1956:* Aug., 1086
for surgery of trauma, *1956:* Oct., **1239–1250**
for thoracic surgery in trauma, *1956:* Oct., 1244
for upper abdominal surgery, *1956:* June, **653–659**
for upper extremity surgery in trauma, *1956:* Oct., 1245
general, physiologic disturbances in, and management, *1956:* April, 290
recent advances, *1956:* April, **289–300**
relaxants with, *1956:* April, 294
hypotensive, *1956:* April, 310
hypothermia for, *1956:* April, **405–422**
hypoventilation of lungs due to, *1955:* Dec., 1556
in obstetrics in presence of heart disease, *1957:* April, 337
in strangulating hernia, *1955:* April, 435
intravenous, *1956:* April, 297
Anesthesia, mechanism, *1956:* April, 296
rebreathing techniques, for infants and children, *1956:* Dec., 1449
rectal or basal, for infants and children, *1956:* Dec., 1445
regional, for anorectal surgery, *1955:* Oct., **1449–1455**
related to induced hypothermia, physiologic problems in, *1955:* Dec., **1573–1578**
saddle block, for anorectal surgery, *1955:* Oct., 1454
spinal, in anorectal surgery, *1955:* Oct., 1449, 1454
transsacral, for anorectal surgery, *1955:* Oct., 1455
use of relaxing agents in, *1957:* Aug., 1086
hazards and safeguards, *1957:* Oct., **1439–1446**
Anesthetics, local, new, *1955:* Oct., 1450
Anesthetist, role, in preventing postoperative psychosis, *1957:* June, 840
Aneurysm, abdominal, abdominal tumor and differentiation, *1956:* Feb., 189
aortic, surgical treatment, *1956:* June, **619–629**
arterial occlusion due to, *1955:* Feb., 268
arteriography in, *1955:* Feb., **276**
arteriosclerotic, abdominal, diagnosis, *1956:* Aug., 984
surgical treatment, *1956:* Aug., **983–993**
peripheral, surgery in, *1955:* Aug., 1137
intracranial, angiography in, *1955:* Aug., 1057, 1060
congenital, surgical management, *1955:* Aug., **1051–1056**
vestigial ("berry"), surgical treatment, *1955:* Aug., **1071–1083**
of abdominal aorta, *1957:* Aug., **1047–1057**
grafts in, *1957:* Aug., 1055
operative technique, *1957:* Aug., 1051
of aorta, management, *1955:* April, 535, Aug., **953–963**
of internal carotid artery, controlled ligation in, *1956:* June, **567–582**
of renal artery, aortography in, *1955:* June, 895
of thoracic aorta, resection, *1956:* Aug., **969–982**
thoracic, mediastinal tumor and, differentiation, *1956:* Feb., 191
traumatic, delayed, *1955:* Aug., 1142
vessel transplant in, *1956:* April, 444, 448–450, 453, 454
Angina, Ludwig's, respiratory obstruction, due to, *1957:* June, 630
Angiography, *1956:* Feb., 183
carotid, *1955:* Aug., 1057
cerebral, carotid and vertebral technique, *1955:* Aug., **1057–1070**
complications, *1955:* Aug., 1068

Angiography, cerebral, in head injury, *1955:* April, 588
indications and contraindications, *1955:* Aug., 1057, 1058
vertebral, *1955:* Aug., 1057
Angioma, cerebral, *1955:* Aug., **1085–1090**
Ankle, amputations through, prosthetic considerations, *1957:* Feb., 112, 120
deformities, poliomyelitic, correction, *1957:* Feb., 270
fractures, early, displaced, *1955:* April, 557
operative treatment, *1955:* Feb., 227
sprains, *1957:* Feb., 81
tendon sheaths, *1957:* Feb., 54
tenosynovitis, nonspecific, *1957:* Feb., 60
Anomalies, arteriovenous, of cerebrum, *1955:* Aug., **1085–1090**
congenital, of foot. See under *Foot.*
of vascular system in abdomen, *1955:* Aug., **1123–1131**
Anorectal surgery, complications, *1957:* June, **757–765**
Anorectum, function and disease, symposium on, *1955:* Oct., **1187–1510**
lesions, diagnosis, x-ray and ancillary methods, *1956:* Feb., 161
Anoscope, *1957:* Oct., 1262
Turell's, *1957:* Oct., 1263
Anoscopy, *1955:* Oct., 1504; *1957:* Oct., 1262
Anterior chamber, biomicroscopy, *1957:* Oct., 1419
Antibiotics. See also individual drugs, as *Penicillin*, etc.
broad-spectrum, reactions to, *1957:* June, 831
in appendicitis, *1955:* April, 424
in diverticulitis of colon, *1955:* Oct., 1385
in hand injuries, *1956:* Oct., 1358
in intestinal obstruction, *1955:* Dec., 1712
in preoperative preparation of colon, *1955:* Oct., **1211–1220**
in strangulating hernia, *1955:* April, 434
in surgery, general principles and practical points, *1957:* June, **811–826**
present status, *1956:* April, **273–287**
in surgical infections, *1956:* April, 279, 282
in tetanus prevention, *1956:* Oct., 1397
in traumatic wounds, *1955:* April, 366
local use, in wounds, *1956:* April, 268
prophylactic, in intracranial surgery, *1957:* June, 867
in surgery or trauma, *1956:* April, 268, 283
possibilities, limitations, and safeguards, *1957:* Oct., **1459–1471**
systemic use, in surgery or trauma, *1956:* April, 269
Anticoagulants, contraindications, *1956:* April, 481; *1957:* Oct., 1503
Anticoagulants, dosage schedules, *1956:* April, 477
hypoprothrombinemia from, control of, *1956:* April, 480
in acute arterial occlusion, *1955:* Feb., 271
in arterial embolism, *1955:* April, 535, 544
in myocardial infarction, acute, *1956:* April, 473
in pulmonary embolism, *1956:* April, 471
in surgery, *1956:* April, 469
in venous thrombosis, *1956:* April, 470
laboratory control measures, *1957:* Oct., 1498
physiology and pharmacology, *1957:* Oct., 1490
postoperative, program for, *1956:* April, 481
prophylactic use, *1957:* Oct., 1503
selection of, *1956:* April, 478
use of, *1956:* April, **469–483**
clinical management, *1957:* Oct., 1499
Antisepsis, *1956:* April, **257–271**
Antiseptic agents, efficiency of, *1956:* April, 262
Antispasmodics in chronic relapsing pancreatitis, *1955:* June, 780
Anus, abscess, office treatment, *1955:* Oct., 1507
amebiasis, cutaneous, *1955:* Oct., 1424
anatomic relations, *1955:* Oct., 1488, 1489
carcinoma, squamous cell, *1955:* Oct., **1289–1294**
condyloma, office treatment, *1955:* Oct., 1509
contracture, causes and treatment, *1955:* Oct., **1483–1486**
cryptitis, office treatment, *1955:* Oct., 1506
fissure, office treatment, *1955:* Oct., 1506
fistula, fact and fancy about, *1955:* Oct., **1469–1477**
office treatment, *1955:* Oct., 1507, 1508
operative technique, *1955:* Oct., 1473
pathologic anatomy, *1955:* Oct., 1471
two-stage operation, indications, *1955:* Oct., 1476
imperforate, *1956:* Dec., **1531–1544**
fistula in, *1956:* Dec., 1533
treatment, *1956:* Dec., 1541
surgical management, *1955:* Oct., **1246–1257**; *1956:* Dec., 1536
injuries, in civilian practice, *1955:* Oct., **1431–1435**
involvement, in lymphogranuloma venereum and granuloma inguinale, surgical aspects, *1955:* Oct., **1427–1430**

Anus, papillitis, office treatment, *1955:* Oct., 1506
postoperative care, office, *1955:* Oct., 1509
pruritus, causes and treatment, *1955:* Oct., **1479–1482**
sphincter, repair of, *1955:* Oct., 1491, 1492
stricture or stenosis, postoperative, *1957:* June, 762
surgery, anesthesia for, regional, *1955:* Oct., **1449–1455**
ulcer, office treatment, *1955:* Oct., 1506
Aorta, abdominal, and its branches, variations and anomalies, *1955:* Aug., 1123
aneurysms of, *1957:* Aug., **1047–1057**
grafts in, *1957:* Aug., 1055
operative technique, *1957:* Aug., 1051
disease of, aortography in, *1955:* June, 890
aneurysm, diagnosis, *1955:* Aug., 953
pathologic physiology, *1955:* Aug., 953
surgical treatment, *1955:* April, 535, Aug., **953–963**; *1956:* June, **619–629**
arch of, anomalies, vascular rings produced by surgical treatment, *1955:* Aug., **979–987**
coarctation, basic types, *1955:* Aug., 938
diagnosis, *1955:* Aug., 939
surgical treatment, *1955:* Aug., **937–946**
physiologic considerations, *1955:* Dec., 1730
vessel grafting on, *1956:* April, 445
insufficiency, surgery of, *1955:* Aug., **1035–1039**
selection of cases, *1955:* Aug., 920
regurgitation, surgical treatment, physiologic considerations, *1955:* Dec., 1741
stenosis, correction during mitral commissurotomy, *1956:* Aug., 940
surgery of, *1955:* Aug., **1029–1034**
physiologic considerations, *1955:* Aug., 1029, Dec., 1741
selection of cases, *1955:* Aug., 920
terminal, occlusive disease, surgical treatment, *1955:* Aug., **947–951**
thoracic, aneurysms of, resection, *1956:* Aug., **969–982**
Aortic bifurcation, occlusion, chronic, aorto-iliac resection and graft replacement in, *1956:* Aug., **995–1007**
clinical features, *1956:* Aug., 996
Aortic-pulmonary septal defect, surgical treatment, *1955:* Aug., **975–977**
Aortography, technique, *1955:* Feb., 279
translumbar, and retroperitoneal pneumography, relative values in urologic diagnosis, *1955:* June, **887–898**
Aortography, translumbar, complications, *1957:* June, 701
technique and indications, *1955:* June, **887, 890**
Aorto-iliac resection and graft replacement in chronic occlusion of aortic bifurcation, *1956:* Aug., **995–1007**
Apophysitis, *1957:* Feb., 88
Apoplexy, uteroplacental. See *Abruptio placentae.*

choice of incision, *1955:* April, 413
complications, *1957:* Dec., 1621
drainage following, *1955:* April, 421; *1957:* Dec., 1620
technique, *1957:* Dec., **1615–1623**
treatment of the appendiceal stump, *1955:* April, 415
Appendicitis, acute, antibiotics in, *1955:* April, 424
early vs. delayed operation in, *1955:* April, 412
forty years' experience in, *1955:* April, **411–427**
in children, *1955:* April, 423
in pregnancy, *1955:* April, 488
amebiasis and, *1955:* Oct., 1424
diagnosis, *1956:* Feb., 102
in infants and children, *1956:* Feb., 102
Appendix, malignant mucocele, report of 3 cases, *1957:* Aug., **1025–1035**
APRL prostheses, *1957:* Feb., 110, 129
Arch of Treitz, *1955:* Dec., 1535
Arfonad, use, to produce hypotension at operation, *1955:* Dec., 1581
Ariboflavinosis, mouth lesions in, *1955:* June, 620
Arm, amputations. prosthetic considerations, *1957:* Feb., 108, 130
Arnold-Chiari malformation, with lumbar myelomeningocele, *1956:* Dec., 1570
Arrhythmias in cardiac surgery, *1955:* Aug., 916
Arteriography, indications and techniques, *1955:* Feb., **275–284**
Arteriosclerosis, arteriography in, *1955:* Feb., 276
Arteriosclerosis obliterans, surgery of, *1955:* Aug., 1133
thromboangiitis obliterans and, differential diagnosis, *1956:* Feb., 183
Arteriovenous anomalies of cerebrum, *1955:* Aug., **1085–1090**
angiography in, *1955:* Aug., 1057, 1061
Arteriovenous fistula, traumatic, treatment, *1955:* Aug., 1143
Arteriovenous shunt in arterial embolism, *1955:* April, 546
Artery(ies), diseases, diagnosis, *1956:* Feb., **177–191**
segmental and obliterative, vessel replacement in, *1956:* April, 446, 451

Artery(ies), grafting, *1955:* April, 549
clinical applications, *1956:* April, **437–457**
in obstructive disease, *1957:* Dec., 1690
injuries, arteriography in, *1955:* Feb., 276
emergency treatment, *1956:* Oct., **1329–1335**
laceration, management, *1955:* Aug., 1140
occlusion, acute, *1955:* Feb., **265–273**
arterial spasm secondary to trauma, acute thrombophlebitis, etc., differentiation, *1956:* Feb., 187
occlusion, operative management, *1955:* Feb., 268; April, 532, 543; *1957:* Dec., **1683–1697**
of abdomen, variations and anomalies, *1955:* Aug., 1085
of colon, surgical considerations, *1955:* Aug., **1117–1122**
peripheral, diseases, surgical procedures in, *1955:* Aug., **1133–1145**
injuries of, *1955:* April, 547
physical characteristics, influence on blood pressure and blood flow, *1955:* Dec., 1615
severance, complete, management, *1955:* Aug., 1139
surgery, instruments for, *1957:* Dec., 1695
Arthritis, pyogenic, in hand injuries, *1957:* Feb., 3
Arthrodesis, of hip, *1956:* Aug., **1035–1050**
Ryerson's. *1957:* Feb., 271
Arthroplasty of hip, functional training after, *1956:* April, 526
Ascites in portal hypertension, *1956:* Feb., 121
Asepsis, *1956:* April, **257–271**
Asphyxia, avoidance, at operation, *1955:* Dec., **1553–1571**
Aspiration, intratracheal, in crush injury of chest, *1955:* April, 523
of air in tension pneumothorax, *1955:* April, 519
of thorax, *1956:* Oct., 1281
Aspiration biopsy. See under *Biopsy.*
Astragalectomy, Whitman's, *1957:* Feb., 274
Ataractic drugs, in amenorrhea, *1957:* April, 523
in anesthesia, hazards and safeguards, *1957:* Oct., **1439–1446**
Atelectasis, in newborn, bronchoscopy in, *1956:* Feb., 17
postoperative, in abdominal surgery, *1957:* Aug., 1066
in colonic surgery, *1955:* Oct., 1337
Atmospheric-pleural pressure differential, loss of, in injury, *1956:* Oct., 1228
Atomic bomb injuries, *1956:* Oct., 1419
Atresia, of bile ducts, extrahepatic, *1956:* Dec., 1546
Atresia, of colon, *1955:* Oct., 1239
of esophagus, congenital, with tracheoesophageal fistula, *1956:* Dec., **1465–1478**
of intestinal tract, *1956:* Dec., **1517–1522**
Atrial fibrillation in cardiac surgery, *1955:* Aug., 916
Atrial septum, defects, closure of, purse-string suture for, *1956:* Aug., **955–967**
surgery for, *1955:* Aug., **989–996**
selection of cases, cardiac catheterization in, *1955:* Aug., 926
under hypothermia, *1956:* Aug., 1021
Aureomycin in surgical infections, *1956:* April, 277
Automobile accidents, assaying body damage in, *1956:* Oct., **1209–1219**
Avitaminosis in carcinoma of colon and rectum, management, *1955:* Oct., 1206
Avulsions, early care. *1955:* April, 357
of nose, *1955:* April, 570
treatment, initial, *1956:* Oct., 1257
Axillary dissection, radical, for malignancy of extremity, *1956:* June, 789

Bach knee, *1957:* Feb., 127
Bacillary infections, gram-negative, *1955:* Dec., 1656
rectal, proctoscopic findings, *1956:* Feb., 163
Bacitracin, in preoperative preparation of colon, *1955:* Oct., 1213
in surgical infections, *1956:* April, 276
Back pain, low, differential diagnosis, *1957:* Feb., 65
treatment, operative and nonoperative, *1957:* Feb., **63–73**
Bacteriologic studies in surgical diagnosis, *1956:* Feb., 212
Baldwin operation for congenital absence of vagina, *1957:* Aug., 1109, 1112
modification, *1957:* Aug., 1111
Balloon cuff on endotracheal tube, respiratory obstruction due to, *1957:* June, 630
Bancroft operation for duodenal ulcer, *1955:* Feb., 85, 86
Bandage, Gibney, *1957:* Feb., 83
Banti's syndrome, *1955:* Aug., 1099
Barium enema for reduction of intussusception, *1956:* Dec., **1495–1500**
Barton's fracture, *1957:* Feb., 29
Basal body temperatures in infertility study, *1957:* April, 557
Bed sores, prevention, in spinal fractures, *1955:* April, 603
Behçet's syndrome, *1955:* June, 624
Bennett's fracture-dislocation, *1957:* Feb., 17
Beriberi, mouth lesions in, *1955:* June, 620
Betapropriolactone to reduce infectivity of plasma, *1955:* Dec., 1591

Betatron, *1955:* Feb., 55
Biceps brachii, tendon sheaths, *1957:* Feb., 54
Bicipital tenosynovitis, *1957:* Feb., 60
Bile, metabolism, *1956:* Feb., 132
Bile ducts. See also *Common duct* and *Hepatic duct.*
atresia, extrahepatic, *1956:* Dec., 1546
Biliary fistula after pancreatic surgery, *1957:* June, 688
Biliary tract, conditions of, requiring the consideration of early surgery, *1955:* April, **393–409**
disease, cholangiography in, *1956:* Feb., **149–159**
injuries, nonpenetrating, *1957:* Aug., 1042
massive hemorrhage from, *1955:* April, 406
obstruction, intrahepatic cholangiojejunostomy for, *1956:* Aug., **849–863**
perforation of, spontaneous, *1955:* April, 407
surgery of, *1956:* June, **687–697**
Biomicroscopy, ocular, *1957:* Oct., **1413–1424**
Biopsy, abrasion, and endoscopy in cancer diagnosis, *1957:* Oct., **1297–1300**
endometrial, in infertility study, *1957:* April, 561
gastroscopic, for positive stomach diagnosis, *1957:* Oct., **1239–1247**
in arterial disease, *1956:* Feb., 181
in carcinoma, of breast, *1956:* Feb., 46
of lung, *1956:* Feb., 27
in office proctology, *1955:* Oct., 1505
needle, for diagnosis of bone lesions, *1957:* June, **891–898**
of liver, in obstructive jaundice in infants, *1956:* Dec., 1550
needle, in portal hypertension, *1956:* Feb., 125
rectal, in Hirschsprung's disease, *1956:* Dec., 1512
sigmoidoscopic, *1957:* Oct., 1278
Bites, animal or human, early care, *1955:* April, 358
treatment, initial, *1956:* Oct., 1258
Black eye, treatment, *1956:* Oct., 1318, 1367
Bladder, distended, diagnostic pitfalls, *1956:* Feb., 216
dysfunction, after anorectal surgery, *1957:* June, 759
after operations on rectum and sigmoid, treatment, *1957:* Aug., **1009–1017**
incontinence, in lumbar myelomeningocele, *1956:* Dec., 1571
injuries, diagnosis and treatment, *1955:* Feb., 301; April, 506
emergency management, *1956:* Oct., 1380
investigation, in carcinoma of adjacent organs, *1956:* Feb., 220
Bladder, neck obstruction, congenital, with enuresis in female child, *1957:* April, 512
puncture, suprapubic, emergency, *1955:* April, 497
study, by cystoscopy, *1957:* Oct., 1352
substitute, construction of, *1956:* Aug., **1131–1143**
substitution for, by isolated ileal segments, principles, technique, and complications, *1956:* Aug., **1117–1130**
Blalock's subclavian pulmonary anastomosis for tetralogy of Fallot, *1955:* Aug., 1020
Blast injuries of lung, *1956:* Oct., 1286
Bleeding. See also *Hemorrhage.*
abnormal, in surgical patient, *1957:* June, **803–810**
intravascular coagulation coexistent with, *1957:* Oct., 1488

Carotid angiography, *1955:* Aug., **1057–1070**
Carotid artery, aneurysms, vestigial, surgical treatment, *1955:* Aug., **1071–1083**
internal, ligation of, controlled, observations on, *1956:* June, **567–582**
Carpal tunnel compression, *1957:* Feb., 58
Cartilages, costal, infections, complicating abdominal surgery, *1957:* Aug., 1062
semilunar, injuries, *1957:* Feb., 94
treatment, *1957:* Feb., 96
Catheter, self-retaining, Foley's, *1955:* April, 499
urethral, *1955:* April, 498
Catheterization, cardiac, bronchscopy for, *1957:* Oct., 1316
role, in selection of patients for cardiac surgery, *1955:* Aug., 925
thoracoscopy for, *1957:* Oct., 1334
ureteral, *1957:* Oct., 1354
Cecostomy, in acute obstruction, *1955:* Oct., 1378
in diverticulitis of colon, *1955:* Feb., 160, Oct., 1392
technique, *1955:* Oct., 1349, 1378
versus transverse colostomy in acute obstruction, *1955:* Oct., 1380
carcinoma, perforating, diagnosis, *1956:* Feb., 114
surgical treatment, *1956:* June, 742
lymphomas, *1955:* June, 744
volvulus, *1955:* Oct., 1397
Celiac artery and its branches, variations and anomalies, *1955:* Aug., 1123, 1124
Cellulitis, nonclostridial, anaerobic, *1955:* Dec., 1656
Cephalin flocculation in portal hypertension, *1956:* Feb., 125
Cerebrospinal fluid, increased pressure, physiology and management, *1956:* Feb., **233–242**
Cerebrum. See *Brain.*
Cervix uteri, carcinoma, exenteration operation for recurrences, *1957:* April, 495
in pregnancy, *1955:* April, 494; *1957:* April, 481
primary, treatment, *1957:* April, **471–484**
Cervix uteri, carcinoma, radiation therapy, *1957:* April, 472
for recurrences after surgery, *1957:* April, 489
radical hysterectomy with bilateral dissection of pelvic lymph nodes, *1956:* Aug., **1083–1116**; *1957:* April, 475
recurrences after initial surgery, treatment, *1957:* April, **485–500**
endoscopic inspection, *1957:* Oct., **1367–1375**
sarcoma botryoides, in child, *1957:* April, 509
Cesarean section, for abruptio placenta, *1957:* April, 402
for fetal distress in labor, *1957:* April, 427, 428
intravenous Pitocin drip with, *1957:* April, 445
Cheek, injuries, *1955:* April, 568
lacerations, *1956:* Oct., 1321
Chest, aspiration, *1956:* Oct., 1281
autonomic nervous system, endoscopic surgery of, *1956:* Oct., **1403–1412**
complications, in abdominal surgery, management, *1957:* Aug., **1059–1069**
flail, *1956:* Oct., 1281
foreign bodies in, *1956:* Oct., 1286
funnel, management, *1956:* Dec., 1627–1663
incision, for mitral commissurotomy, *1956:* Aug., 943
injuries, *1956:* Oct., **1277–1287**
emergency treatment, *1955:* April, **517–529**; *1956:* Oct., 1185, 1277
evaluation, in automobile accident, *1956:* Oct., 1215
examination and primary treatment, *1956:* Oct., 1280
surgery of, anesthesia for, *1956:* Oct., 1244
thoracoscopy in, *1957:* Oct., 1332
neurosurgical procedures in, thoracoscopy for, *1957:* Oct., 1333
stove-in, *1955:* April, 521
sucking wounds, *1956:* Oct., 1279
emergency treatment, *1956:* Oct., 1179, 1202
surgery, adequate pulmonary ventilation during, *1955:* Dec., **1553–1571**
complications, *1957:* June, **615–624**
preservation of muscle and joint function after, *1956:* April, 523
tumors, thoracoscopy in, *1957:* Oct., 1331
wall, wounds of, *1956:* Oct., 1282
wounds, open, *1955:* April, 524
Children, abdominal examination in, *1956:* Feb., **93–100**
amputations in, *1957:* Feb., 132
cysts of lung in, *1956:* Dec., **1613–1626**
fractures about wrist in, *1957:* Feb., 20
of femur in, management, *1957:* Feb., **213–221**
gynecologic surgery in, *1957:* April, **501–515**

Children, hemangiomas in, *1956:* Dec., **1647–1663**
herniorrhaphy, inguinal, *1957:* Dec., **1675–1682**
surgery of, anesthesia for, *1956:* Dec., **1441–1452**
fluids and electrolytes in, *1956:* Dec., **1453–1463**
symposium on, *1956:* Dec., **1439–1663**
surgical problems in, management, *1955:* Feb., **305–311**
Chloramphenicol. See *Chloromycetin.*
Chloride deficits, correction, in pediatric surgery, *1956:* Dec., 1457
Chloromycetin, in surgical infections, *1956:* April, 277
toxicity, *1957:* June, 818
Chlorpromazine, in postoperative psychosis, *1957:* June, 841
in shock, *1955:* Dec., 1594
use, in anesthesia, hazards and safeguards, *1957:* Oct., **1439–1446**
Chlorquinaldol in preoperative preparation of colon, *1955:* Oct., 1217
Chlortetracycline. See *Aureomycin.*
Cholangiography, diagnostic use, in biliary tract disease, *1956:* Feb., 149
intravenous, *1955:* June, **755–763**
in chronic relapsing pancreatitis, *1955:* June, 779
operative, *1956:* April, **385–403**
indications and technique, *1955:* Feb., 132, 133; *1957:* Aug., **933–937**
pitfalls and errors in, *1956:* Feb., 150
Cholangiojejunostomy, intrahepatic, for biliary obstruction, rationale, technique and results, *1956:* Aug., **849–863**
Cholecystectomy, accidents during, management, *1957:* Dec., 1609
exploration of common duct for stones, indications, *1955:* Feb., 121
in cholelithiasis, review of 1356 cases, *1955:* June, **765–771**
indications and technique, *1956:* June, **687–697**
technique, *1957:* Dec., **1599–1609**
Cholecystitis, acute, early surgery in, *1955:* April, 397
with cholelithiasis, acute pancreatitis and differentiation, *1956:* Feb., 143
acute and subacute, complicating cholelithiasis, *1955:* June, 767
Choledochostomy, indications and technique, *1956:* June, **687–697**
Cholelithiasis, cholecystectomy and choledochostomy for, technique, *1956:* June, **687–697**
review of 1356 cases, *1955:* June, **765–771**
common duct stones complicating, exploration for, *1955:* Feb., **119–128**
Cholesterol esterification in portal hypertension, *1956:* Feb., 125
Cholografin, use in cholangiography, *1956:* Feb., 157
Chopart amputation, prostheses in, *1957:* Feb., 112
Chordee, correction, in hypospadias, *1956:* Dec., 1560
Chordotomy, complications, *1957:* June, **849–854**
Chorioadenoma destruens in hydatidiform mole, *1957:* April, 390
Choriocarcinoma in hydatidiform mole, *1957:* April, 390
Chylous fistula, complicated, following radical dissection of neck, *1955:* Aug., **1091–1098**
Circulation, during anesthesia, *1956:* April, 290
studies, "build-up" and "clearance," with radioactive isotopes, *1956:* April, 353
support, during cardiac surgery, methods for, *1956:* April, **423–436**
time, determination, radioactive isotope in, *1956:* April, 348
Cirrhosis, diagnosis, *1956:* Feb., 134
of liver, portacaval shunts in, indications, *1955:* Aug., 1104
portography in, *1956:* April, 372
Clamp, Poppen-Blalock, for ligation of internal carotid artery, *1956:* June, 569
Clavicle, fractures, intramedullary fixation, *1955:* Feb., 234
operative treatment, *1955:* Feb., 230
Clefts of lip and palate, *1956:* Dec., **1583–1597**
neonatal care prior to operation, *1956:* Dec., 1583
operative considerations, *1956:* Dec., 1586
operative technique, *1956:* Dec., 1587, 1592
speech and hearing problems, *1956:* Dec., 1596
treatment of parents, *1956:* Dec., 1583
Clitoris, hypertrophy, in adrenogenital syndrome, *1957:* April, 509
operation for, *1957:* April, 510
Clostridial infections, prevention, *1956:* Oct., 1395
Clotting, blood. See *Blood, clotting.*
CO_2 combining power, correction, in pediatric surgery, *1956:* Dec., 1458
Coarctation of aorta. See under *Aorta.*
Cobalt, radioactive, *1955:* Feb., 54
Coccidioidal tenosynovitis, *1957:* Feb., 61
Coelioscopy, *1957:* Oct., **1357–1366**
Cold abscess, rectal, tuberculous, digital findings, *1956:* Feb., 162
Coldness, subjective, in arterial disease, *1956:* Feb., 177
Colectomy. See *Colon, resection.*
Colic arteries, variations in, *1955:* Aug., 1117, 1126
Colic veins, surgical considerations, *1955:* Aug., 1120

Colitis, amebic, fulminating, *1955:* Oct., 1422
pseudomembranous, proctologic findings, *1956:* Feb., 164
ulcerative, chronic, conservative measures, *1955:* June, 809
management, *1955:* June, **809–816**
mucosal grafted ileostomy with simultaneous subtotal or total colectomy, technique and results, *1956:* Aug., **841–847**
nonspecific, proctoscopic findings, *1956:* Feb., 164
surgical treatment, *1955:* June, 815
complications, *1957:* June, **725–730**
evolution of, *1955:* Oct., **1401–1409**
selection of cases for, *1955:* June, **817–822**
total colectomy for, one-stage, *1955:* Oct., **1401–1409**
Collateral ligaments, injuries, *1957:* Feb., 99
Colles fracture, management, *1957:* Feb., 23
overreduced, *1957:* Feb., 25
reverse, *1957:* Feb., 28
unreduced, seen late, *1957:* Feb., 26
Colon, adenomas, *1955:* Oct., **1259–1275**
treatment, *1955:* Oct., 1263
adenomyosis, roentgen diagnosis, *1955:* Oct., 1237
amebiasis, surgical complications, *1955:* Oct., **1421–1426**
anastomosis, technique, *1957:* Dec., 1641
atresia, *1955:* Oct., 1239
blood supply, surgical considerations, *1955:* Aug., **1117–1122**
carcinoma, *1955:* June, **823–831**
amebiasis with, *1955:* Oct., 1425
angioinvasive and desquamated tumor cells in, significance, *1957:* June, **749–756**
associated with diverticulitis, *1955:* April, 459
classification and modes of spread, *1955:* Oct., **1295–1305**
local recurrence and venous metastases, prophylactic measures, *1955:* Oct., **1361–1372**
nutrition in, *1955:* Oct., **1201–1210**
operative technique, prophylactic aspects, *1955:* Oct., 1365
perforating, diagnosis, *1956:* Feb., 114
postoperative care, *1955:* Oct., 1369; *1957:* June, 742
preoperative study and preparation, *1955:* Oct., 1364; *1956:* June, 739; *1957:* June, 739
resection for, *1957:* Dec., **1635–1651**
prevention of implantation of cancer cells at anastomotic site, *1955:* Oct., 1369
Colon, carcinoma, resection for, prevention of venous emboli, *1955:* Oct., 1369
role of stage procedures in, *1955:* Oct., **1307–1314**
roentgen diagnosis, *1955:* Oct., 1230
surgical treatment, *1956:* June, **739–749**
mortality factors in, *1957:* June, **737–747**
dilatation, congenital idiopathic, *1956:* Dec., **1511–1515**
diverticulitis, *1955:* Oct., **1385–1393**
complications, management, *1955:* April, **451–462**
diagnosis, *1956:* Feb., 113
operative, *1956:* Feb., 175
roentgen diagnosis, *1955:* Oct., 1236
surgical treatment, complications, *1957:* Aug., 1025
indications, *1957:* Aug., 1022
trends in, *1955:* Feb., **159–173**; *1957:* Aug., **1019–1027**
duplications, *1955:* Oct., 1241
examination, air-contrast, technique, *1956:* June, **731–737**
function and disease, symposium on, *1955:* Oct., **1187–1510**
involvement, in lymphogranuloma venereum and granuloma inguinale, surgical aspects, *1955:* Oct., **1427–1430**
left, carcinoma of, choice of operation, *1955:* Oct., **1321–1329**
lesions, diagnosis, symptomatic, *1956:* Feb., 76
x-ray and ancillary methods, *1956:* Feb., **161–168**
malformations, *1955:* Oct., **1239–1243**
malrotation, *1955:* Oct., 1241
midtransverse to rectum inclusive, carcinoma of, choice of operation, *1955:* Oct., **1321–1329**
obstruction, acute, *1955:* Oct., **1373–1383**
treatment, *1955:* Oct., 1377
due to diverticulitis, *1955:* April, 458
operations on, bladder dysfunctions after, treatment, *1957:* Aug., **1009–1017**
perforation, in diverticulitis, *1955:* April, 452
physiology, surgical, *1955:* Dec., **1719–1728**
polyposis, familial, *1955:* Oct., **1263–1281**
polyps, *1955:* Oct., **1259–1275**
above reach of endoscope, localization by air-contrast examination, technique, *1956:* June, **731–737**
management, *1956:* June, **751–760**
mucosal, treatment, coloscopy in, *1957:* Oct., **1287–1295**
roentgen diagnosis, *1955:* Oct., 1231
signoidoscopy in, *1955:* June, 834

Colon, preoperative preparation with sulfonamides or antibiotics, *1955:* Oct., **1211–1220**
resection, complications, *1955:* Oct., **1337–1345**
for carcinoma, *1957:* Dec., **1635–1651**
early steps, *1957:* Dec., 1637
left colon, *1957:* Dec., 1646
choice of operation, *1955:* Oct., 1322
obstructive type, *1955:* Oct., 1310
postoperative care, *1957:* Dec., 1647
preservation of blood supply, *1957:* Dec., 1640
prophylactic measures in recurrence and local metastases, *1955:* Oct., **1363–1372**
rectosigmoid, *1957:* Dec., 1647
right colon, *1957:* Dec., 1645
indications and technique, *1955:* Oct., **1315–1319**
role of stage procedures, *1955:* Oct., **1307–1314**
sigmoid, *1957:* Dec., 1646
splenic flexure (left), *1957:* Dec., 1646
sterile precautions, *1957:* Dec., 1643
for diverticulitis, *1955:* Feb., 165, 169, April, 457, Oct., 1386
for familial polyposis, *1955:* Oct., 1280
for Hirschsprung's disease, *1956:* Aug., **821–829**
for ulcerative colitis, *1955:* June, 817, Oct., 1406
incision for, *1957:* Dec., 1636
nutritional management after, *1956:* April, 513
preoperative management, *1957:* Dec., 1635
segmental, for sessile adenomas, *1955:* Oct., 1272
total, one-stage, for chronic ulcerative colitis, *1955:* Oct., **1401–1409**
right, carcinoma of, indications and technique of resection, *1955:* Oct., **1315–1319**
roentgen examination, problems in, *1955:* Oct., **1229–1238**
sigmoid and rectosigmoid, and upper portion of rectum, anterior resection for carcinoma, present status, *1957:* Aug., **981–987**
stenosis, *1955:* Oct., 1241
surgery of complications, *1955:* Oct., **1337–1345**
electrolyte disturbances in, *1955:* Oct., **1189–1200**
tumors, *1955:* June, 731, Oct., **1283–1288**
volvulus, *1955:* Oct., 1242, 1382, **1395–1399**
wounds, emergency treatment, *1956:* Oct., 1292
Coloscopy. See also *Sigmoidoscopy.*
in treatment of mucosal polyps of colon, *1957:* Oct., **1287–1295**
Colostomy, *1955:* Oct., **1347–1361**
care of, *1955:* Oct., 1361
elective, preliminary, with subsequent resection and anastomosis in carcinoma of large bowel, *1955:* Oct., 1309
in diverticulitis of colon, *1955:* Feb., 165, 169, April, 455, Oct., 1391
in Hirschsprung's disease in infants, *1956:* Dec., 1513
local complications and sequelae, *1955:* Oct., 1354
supplementary, coincidental with resection for carcinoma of large bowel, *1955:* Oct., 1312

Cysto-urethroscope, McCarthy, *1957:* Oct., 1347
Cytologic studies in carcinoma of lung, *1956:* Feb., 26
Cytology, abrasion, and endoscopy in cancer diagnosis, *1957:* Oct., **1297–1300**
gastric, brush test, technique, *1956:* June, **649–652**

DANDY'S ventriculoscope, *1957:* Oct., 1390, 1397
Danilone as anticoagulant, *1956:* April, 474, 478
Débridement, *1955:* April, 362
enzymatic, *1956:* April, 267
wound, *1956:* Oct., 1255
facial, *1956:* Oct., 1312
hand, *1956:* Oct., 1342
open fractures, *1956:* Oct., 1265
Decompression, subtemporal, indications and technique, *1956:* June, **555–566**
Defecation, physiology of, *1955:* Dec., 1725
Deficiency diseases, mouth lesions in, *1955:* June, 620
Dehydration in shock, control of, *1956:* Oct., 1236
Deladumone in osteoporosis of aged, *1957:* Feb., 188
Delorme operation, modified, for rectal procidentia, *1955:* June, 849

De Quervain's disease, management, *1957:* Feb., 54
Derangements, internal, of knee joint, *1957:* Feb., **91–102**
Dermal grafts in tracheobronchial surgery, *1956:* Aug., 893
Dermatitis of vulva, atopic, diagnosis and treatment, *1957:* April, 533
contact, diagnosis and treatment, *1957:* April, 532
seborrheic, *1957:* April, 536
Dextran in shock, *1955:* Dec., 1591
Diabetes mellitus, control, in chronic relapsing pancreatitis, *1955:* June, 781
following pancreatic surgery, *1957:* June, 692
impact of emergency surgery in, *1955:* April, 330
in pregnancy, present day management, success or failure?, *1957:* April, **369–378**
trauma complicating, emergency management, *1956:* Oct., 1410
Diagnosis, during surgery, *1956:* Feb., **169–176**
in general surgery, symposium on, *1956:* Feb., **1–231**
in pediatric surgery, *1955:* Feb., 305
surgical, frozen section in, *1956:* April, **335–344**
Diaphragm, hernia of. See under *Hernia.*
rupture of, *1957:* Aug., 1041
wounds and injuries, *1956:* Oct., 1285
Diaphragmatic hernia, transthoracic repair, *1956:* June, **631–639**
Diarrhea, after gastrectomy, *1955:* June, **707**
in surgical emergencies, fluid therapy in, *1955:* April, 344
Dicumarol, as anticoagulant, *1956:* April, 474, 478
dosage schedules, *1956:* April, 477
effect on wound healing, *1955:* April, 475
heparin and, differences in action, *1957:* Oct., 1490
in acute arterial occlusion, *1955:* Feb., 271, April, 535, 544
laboratory control measures. *1957:* Oct., 1499
physiology and pharmacology, *1957:* Oct., 1496
use, clinical management, *1957:* Oct., 1499
Diet, after gastric surgery, *1957:* June, **671–673**
high protein, solid, promptly after abdominal hysterectomy, effects, *1957:* Aug., **1091–1099**
in chronic relapsing pancreatitis, *1955:* June, 780
in ulcerative colitis, *1955:* June, 813
Varco, *1955:* April, 482
Digestion in colon, *1955:* Dec., 1721
Digestive tract, surgery of, symposium on, *1955:* June, **617–898**
Digits, flexor tendons, lacerations of, management, *1955:* Feb., **189–194**
Dilators, Bakes, *1957:* Dec., 1608
Dilatation and curettage in infertility study, *1957:* April, 561
Dimpling in breast carcinoma, *1956:* Feb., 43
Disability evaluation following hand and wrist injuries, *1957:* Feb., **41–51**
Disease, pre-existing, patients with, impact of emergency surgery on, *1955:* April, **319–333**
Dislocation, of elbow, with fracture of radial head, *1955:* April, 555
of hip, treatment, emergency, *1956:* Oct., 1272
of knee, treatment, emergency, *1956:* Oct., 1275
of semilunar, *1957:* Feb., 35
of shoulder, stabilization by modified Putti-Platt procedure, *1957:* **1711–1717**
with fracture, diagnosis, surgical pathology and treatment. *1957:* Feb., **169–176**
of ulna, lower end, *1957:* Feb., 30
of wrist, *1957:* Feb., **19–40**
perilunar, *1957:* Feb., 37
navicular, *1957:* Feb., 40
with fracture, *1957:* Feb., 30
Diverticula, of esophagus, *1955:* June, 658
carcinoma and, *1955:* June, 665
diagnosis, *1956:* Feb., 60
pulsion, *1955:* June, 633
pharyngo-esophageal, causes and treatment, *1955:* June, 634
Diverticulitis of colon, *1955:* Oct., **1385–1393**
complications, management, *1955:* April, **451–462**
diagnosis, *1956:* Feb., 113
operative, *1956:* Feb., 175
roentgen diagnosis, *1955:* Oct., **1236**
surgical treatment, complications, *1957:* Aug., 1025
indications, *1957:* Aug., 1022
trends in, *1955:* Feb., **159–173**; *1957:* Aug., **1019–1027**
Diverticulum, Meckel's, resection, *1957:* Dec., 1630
with perforation, diagnosis, *1956:* Feb., 114
Dorsal edema of hand, management, *1957:* Feb., 59
Douglasscopy, *1957:* Oct., **1357–1366**
Drainage, following appendectomy, *1955:* April, 421
transampullary, *1955:* Feb., 136
Dressings, compression, in burns, *1955:* Feb., 197; *1956:* Oct., 1387
in hand surgery, *1956:* Oct., 1355
Drugs, allergic complications, in surgical patients, *1957:* June, **827–833**
use, in surgery, hazards and safeguards, symposium on, *1957:* Oct., **1425–1506**

Duct, pancreatic, injury at operation, *1957:* June, 685
transduodenal exploration and dilatation technique, *1956:* June, 715
Wirsung's, anastomosis to gastrointestinal tract, technique, *1956:* June, 717
Ductus arteriosus, division in adults, simplified technique. *1956:* June, **615–618**
patent, diagnosis, *1955:* Aug., 966, 967
pathologic physiology, *1955:* Aug., 965
surgical treatment, *1955:* Aug., **965–973**
physiologic considerations, *1955:* Dec., 1729
Dumping syndrome, after gastrectomy, *1955:* June, 703
causes, prevention and treatment, *1955:* Dec., **1693–1702**
Duodenoduodenostomy for duodenal obstruction in newborn, *1955:* April, 444
Duodenojejunostomy, antecolic, for duodenal obstruction in newborn, *1955:* April, 444
Duodenum, lesions, diagnosis, symptomatic, *1956:* Feb., 72
lymphomas, *1955:* June, 736
obstruction, intrinsic, in newborn, *1955:* April, **441–450**
resection, with head of pancreas for malignant lesions, *1957:* Aug., **965–979**
rupture, *1957:* Aug., 1042
stump, perforation of, after subtotal gastrectomy, *1955:* April, 386
surgery, mortality after, analysis, *1957:* June, **637–652**
ulcer, bleeding from, *1956:* Feb., 85, 87
gastrectomy for, subtotal, *1956:* June, **661–671**
causes of death following, *1957:* June, 641
recurrence, postoperative, *1957:* June, **653–663**
roentgen diagnosis, *1955:* June, **683–691**
spot film technique, *1955:* June, **683–691**
surgical considerations, *1955:* Feb., **81–92**
surgical treatment, results, *1957:* Aug., **922–928**
wounds, emergency treatment, *1956:* Oct., 1292
Duplications of colon, *1955:* Oct., 1241
Dupuytren's contracture, *1957:* Feb., 11
surgical correction, *1956:* June, **793–799**
Dye injection procedures in diagnosis of cardiac defects, *1955:* Aug., 925
Dysmenorrhea, hysterosalpingography and tubal insufflation in, *1956:* June, **773**
Dysphagia, after gastrectomy, *1955:* June, **704**
in pharyngo-esophageal diverticulum, *1955:* June, 634
Dystonia of esophagus, *1956:* Feb., 66

Ears, injuries, treatment, *1956:* Oct., 1323
Ecchymoses, periorbital, treatment, *1956:* Oct., 1318, 1367
Eclampsia, magnesium sulfate therapy, plasma levels attained, *1957:* April, **353–367**
Eczema marginatum of vulva, *1957:* April, 542
Edema, angioneurotic, mouth lesions in, *1955:* June, 622
dorsal, hard, of hand, management, *1957:* Feb., 59
Eder's gastroscope, *1957:* Oct., 1232
Eder-Hufford esophagoscope, *1957:* Oct., 1200
Ediol, use, after gastric resection, *1955:* Dec., 1690
Efocaine, for anorectal anesthesia, *1955:* Oct., 1452
Elbow, deformities, poliomyelitic, correction, *1957:* Feb., 280
disarticulation, prostheses in, *1957:* Feb., 109
dislocation, with fracture of radial head, *1955:* April, 555
Electrocardiographic changes in closure of atrial septal defects, *1956:* Aug., 963
Electrocoagulation of rectal adenomas, *1955:* Oct., 1263
Electroencephalography, in hand injury, *1955:* April, 588
in intracranial lesions in elderly, *1955:* June, 878
Electrolytes, abnormalities, in bowel surgery, *1955:* Oct., **1189–1200**
balance, influence of body fluid loss on, *1956:* Dec., 1454
blood, in surgical diagnosis and treatment. *1956:* Feb., 209
in burns, *1955:* April, 347, 350, Dec., 1603; *1956:* Oct., 1389
in gynecological and obstetrical surgery, postoperative, *1957:* April, **307–320**
in pediatric surgery, *1956:* Dec., **1453–1463**
in strangulating hernia, *1955:* April, 434
in surgical emergencies, *1955:* April, **335–353**
solutions, hazards and safeguards, *1957:* Oct., 1454
Electrophoresis in study of serum proteins, *1956:* Feb., 207
Electrostatic hazard, control, in operating room, *1957:* June, 788
Embolectomy, *1957:* Oct., 1487
technique, *1955:* Feb., 269, April, 534, 544, Aug., 1139; *1957:* Dec., 1683

Embolism, arterial, arteriography in, *1955:* Feb., 276
pathogenesis, *1957:* Oct., 1485
peripheral, surgical treatment, *1955:* Aug., 1138
thrombosis and, differentiation, *1956:* Feb., 186
treatment, *1955:* Feb., 267, April, 532, 543; *1957:* Oct., 1503
postoperative, in cancer of colon and rectum, *1957:* June, 744
prevention, anticoagulants in, *1957:* Oct., 1503
pulmonary, anticoagulants in, *1956:* April, 471
fatal, after gastric surgery, *1957:* June, 641
pathogenesis, *1957:* Oct., 1484
treatment, *1957:* Oct., 1502
venous, pathogenesis, *1957:* Oct., 1483
signs and symptoms, *1957:* Oct., 1483
Embolus, complicating closure of atrial septal defects, *1956:* Aug., 963
elimination of source, *1955:* Feb., 269
localization, *1957:* Dec., 1683
venous, prevention, at operation for cancer of colon, *1955:* Oct., 1369
Emergencies, psychological aspects, *1956:* Oct., 1174
surgical, fluid therapy in, *1955:* April, **335–353**
symposium on, *1955:* April, **317–607**
Emergency care of injured by laymen, *1956:* Oct., **1173–1189**
Emergency medical management, scope of, *1956:* Oct., 1173
Emergency surgery of trauma, symposium on, *1956:* Oct., **1171–1424**
Emotional determinants, role, in habitual abortions, *1957:* April, **447–458**
Emphysema, mediastinal, diagnosis, *1956:* Feb., 55
in chest injuries, treatment, *1956:* Oct., 1283
obstructive, in infants, bronchoscopy in, *1956:* Feb., 17
post-thoracoscopy, *1957:* Oct., 1330
Empyema complicating abdominal surgery, *1957:* Aug., 1062
Endo-aneurysmorrhaphy, *1955:* Aug., 1137
Endometrial biopsy in infertility study, *1957:* April, 561
Endometriosis, of colon and rectum, *1955:* Oct., 1283
rectal bleeding in, *1956:* Feb., 164
rectovaginal, digital findings, *1956:* Feb., 162
Endoscopic photography, *1957:* Oct., **1318–1323**
Endoscopy, abrasion microbiopsy with, in cancer diagnosis, *1957:* Oct., **1297–1300**
bladder and urethra, *1957:* Oct., **1345–1356**
bronchial, *1957:* Oct., **1311–1325**
Endoscopy, cerebral ventricles, *1957:* Oct., **1387–1400**
cervical, *1957:* Oct., **1367–1375**
esophageal, *1957:* Oct., **1197–1229**
eye, microscopic, *1957:* Oct., **1413–1424**

heart, *1957:* Oct., **1337–1344**
intraspinal, *1957:* Oct., **1401–1402**
laryngeal, *1957:* Oct., **1301–1309**
peritoneal, *1957:* Oct., **1249–1260**
peroral, anesthesia for, *1956:* June, **641–647**
proctosigmoidal, *1957:* Oct., **1261–1295**
surgery of autonomic nervous system of chest, *1957:* Oct., **1403–1412**
symposium on, *1957:* Oct., **1195–1424**
thoracic, *1957:* Oct., **1327–1336**
transvaginal, through cul de sac puncture, *1957:* Oct., **1357–1366**
uterine, *1957:* Oct., **1377–1386**
Endothermy coagulation in cavernous hemangioma, *1956:* Dec., 1658
Endotracheal tube, balloon cuff on, respiratory obstruction due to, *1957:* June, 630
use, in pediatric anesthesia, *1956:* Dec., 1446
in prevention of hypoventilation at operation, *1955:* Dec., 1558
Enema, barium, for reduction of intussusception, *1956:* Dec., **1495–1500**
Engel's suprapubic trocar and cannula, *1955:* April, 498
Enteritis, virus, proctoscopic findings, *1956:* Feb., 162
Enterocolitis, pseudomembranous, postoperative, in cancer of colon or rectum, *1957:* June, 746
Enterocystoma of colon and rectum, *1955:* Oct., 1285
Enuresis in congenital bladder neck obstruction in child, *1957:* April, 512
Enzymatic débridement, *1956:* April, 267
Enzymes, action, stopping, *1956:* April, 503
bacterial infections and, *1956:* April, 501
blood clotting and, *1956:* April, 503
mucin as protector from, *1956:* April, 500
use of, in surgery, *1956:* April, **497–505**
Epidermal abscess after intracranial procedures, *1957:* June, 867
Epidermal hematoma, treatment, *1955:* April, 582
Epiphyseal stimulation and arrest, *1955:* Dec., 1754
Epiphyseal tinkering, techniques, *1957:* Feb., 277
Epistaxis, management, *1955:* April, 573
Erythema multiforme exudativum, *1955:* June, 624
Erythromycin, in preoperative preparation of colon, *1955:* Oct., 1215, 1217
in surgical infections, *1956:* April, 278

Esophageal tube, diagnostic use, in bleeding varices, *1956:* Feb., 89
Esophagitis, carcinoma and, *1955:* June, 664
complicating abdominal surgery, *1957:* Aug., 1066
diagnosis, *1956:* Feb., 66
stricture and, *1955:* June, 654
peptic or reflux, diagnosis, endoscopic, *1957:* Oct., 1213, 1215, 1217
Esophagoduodenostomy, after total gastrectomy, *1955:* Dec., 1689
Esophagogastrectomy, partial, for bleeding varix, *1956:* Feb., 127
Esophagoscope(s), Boros', *1957:* Oct., 1200
diagnostic, for palpatory introduction, *1957:* Oct., **1197–1206**
Eder-Hufford, *1957:* Oct., 1200
Henning's, *1957:* Oct., 1199
Howard's, *1957:* Oct., 1200
Schindler's, *1957:* Oct., 1201
technique with, *1957:* Oct., 1203
Esophagoscopy, anesthesia for, *1956:* June, **641–647**
as diagnostic aid, *1955:* June, 631
in portal hypertension, *1956:* Feb., 124
rigid, *1957:* Oct., **1207–1229**
technique, *1955:* June, 630
with Schindler instrument, technique, *1957:* Oct., 1203
Esophagus, anatomy, endoscopic, *1957:* Oct., 1207
atresia, congenital, with tracheoesophageal fistula, *1956:* Dec., **1465–1478**
carcinoma, *1955:* Feb., 73, June, 631, 661
diagnosis, *1956:* Feb., 57
endoscopic, *1957:* Oct., 1227
palliative management, *1955:* Feb., 76
plastic prosthesis in, rationale and technique, *1956:* Aug., **883–892**
surgical treatment, *1955:* Feb., 74
treatment by resection and postoperative supervoltage roentgen therapy, *1955:* June, **647–652**
dilatation, idiopathic, *1956:* Feb., 65
dilation, in corrosive burns, *1957:* Oct., 1220
retrograde, through esophagoscope, *1955:* June, 632, 633; *1957:* Oct., 1220
diverticula, *1955:* June, 658
carcinoma and, *1955:* June, 665
diagnosis, *1956:* Feb., 60
pulsion, *1955:* June, 633
foreign bodies in, diagnosis, endoscopic, *1957:* Oct., 1218
hiatus hernia, diagnoses, endoscopic, *1957:* Oct., 1214
transthoracic repair, *1956:* June, **631–639**
leiomyoma, *1955:* June, 720
leiomyosarcoma, *1955:* June, 721
Esophagus, lesions, diagnosis, symptomatic, *1956:* Feb., 71
role of esophagologist in aiding surgeon in diagnosis and treatment, *1955:* June, **629–646**
normal, endoscopic appearance, *1957:* Oct., 1210
lye burns, *1955:* Feb., 70
mixed lesions, *1955:* June, 661
obstructing lesions, *1955:* June, **653–666**
perforation, diagnosis, *1956:* Feb., 62
endoscopic, *1957:* Oct., 1218
rupture, *1955:* Feb., 72
stenosis, cicatricial, *1957:* Oct., 1220
diagnosis, *1956:* Feb., 66

cardiac catheterization in, *1955:* Aug., 932
congenital, mitral commissurotomy in, *1955:* April, 539
surgery for, selection of cases, cardiac catheterization in, *1955:* Aug., 925
fatal, after gastric surgery, *1957:* June, 640
in pregnancy, *1957:* April, **321–340**
fetal prognosis, *1957:* April, 326
management, *1957:* April, 326
maternal prognosis, *1957:* April, 324
trauma complicating, emergency management, *1956:* Oct., 1405
endoscopy of, *1957:* Oct., **1337–1344**
entrance into, for mitral commissurotomy, *1956:* Aug., 943
ejection factors influencing blood pressure and flow, *1955:* Dec., 1619
failure, in pregnancy, hemodynamics, *1957:* March, 326
prevention, *1957:* April, 328
treatment, *1957:* March, 326
function, in induced hypothermia, *1955:* Dec., 1573
great vessel abnormalities, thoracoscopy in, *1957:* Oct., 1333
intracardiac procedures, open, under hypothermia, technique. *1956:* Aug., 1017
manual compression, in cardiac arrest, *1955:* Feb., 248
output, determination, radioactive isotope in, *1956:* April, 351
surgery of, anesthesia and supportive therapy, *1955:* Aug., **911–918**
artificial oxygenator for, *1956:* Aug., **1025–1034**
complications, *1957:* June, 623
hypothermia for, *1956:* Aug., **1008–1024**
in pregnancy, *1957:* April, 333
intravascular pressure measurements during, *1956:* April, **459–468**
methods for artificial support of circulation during, *1956:* April, **423–436**
physiologic considerations in, *1955:* Dec., **1729–1744**
Heart, surgery of, selection of cases, interdependence of medical, surgical and laboratory disciplines in, *1955:* Aug., **919–935**
symposium on, *1955:* Aug., **909–1049**
valve lesions, cardiac catheterization in, *1955:* Aug., 932
volume, after closure of atrial septal defects, *1956:* Aug., 964
wounds, *1955:* April, 526, 535
Heat, sterilization by, *1956:* April, 264
Hedulin as anticoagulant, *1956:* April, 444, 478
Heel, bursitis, *1957:* Feb., 88
painful, *1957:* Feb., 88
Hemangioma(s), capillary, natural history and treatment, *1956:* Dec., 1648
cavernous, natural history and treatment, *1956:* Dec., 1655
in infants and children, *1956:* Dec., **1647–1663**
of brain, cerebral angiography in, *1955:* Aug., 1058
of colon and rectum, *1955:* Oct., 1285
of leg, cavernous, *1955:* Aug., 1172
stellate, treatment, *1956:* Dec., 1659
Hemarthrosis of knee, *1957:* Feb., 93
Hematoma, cerebral, discovery, in head injury, *1956:* Oct., 1300
epidural, treatment, *1955:* April, 582
intracerebral, treatment, *1955:* April, 582
of cheek, *1956:* Oct., 1322
of posterior cranial fossa, *1955:* April, 587
subdural, cerebral angiography in, *1955:* Aug., 1058, 1064
in elderly, diagnosis, *1955:* June, 873
treatment, *1955:* April, 584
Hematuria in appendicitis, *1956:* Feb., 102
Hemin pigment, abnormal, in intestinal obstruction, *1955:* Dec., 1708
Hemolytic disease, acquired or auto-immune, *1957:* Aug., 1137
congenital, *1957:* Aug., 1126
splenectomy and, *1957:* Aug., 1125
Hemorrhage, concealed, in trauma, *1956:* Oct., 1232
control, at accident scene, *1956:* Oct., 1176
in trauma, *1956:* Oct., **1231–1238**
in wounds of large blood vessels, *1956:* Oct., 1329
fibrinolytic, *1957:* Oct., 1489
following anorectal surgery, *1957:* June, 761
following pancreatic surgery, *1957:* June, 684, 687
following sinus operation, *1957:* June, 596
following surgery for ulcerative colitis, *1957:* June, 728
following thyroid operation, *1957:* June, 602
from biliary tract, massive, early surgery in, *1955:* April, 406

Hemorrhage, gastric, determination, radioactive isotope in, *1956:* April, 348
gastrointestinal, after gastrectomy, *1955:* April, 388, June, 707
diagnosis, operative, *1956:* Feb., 174
diagnostic procedures in, *1956:* Feb., **83–92**
in colonic surgery, postoperative, *1955:* Oct., 1344
in diverticulitis of colon, *1955:* April, 460
in facial injuries, *1956:* Oct., 1310
in maxillofacial injuries, control, *1955:* April, 564
in peptic ulcer, massive, acute, *1955:* April, **369–381**
in surgical emergencies, fluid therapy, *1955:* April, 339
intra-abdominal, in penetrating wounds, management, *1955:* April, 464
postoperative, fluid therapy in, *1955:* April, 351
postsplenectomy, in portal hypertension, *1956:* April, 380
rectal, diagnosis at proctoscopy, *1956:* Feb., 166
significance, in adults and children, *1955:* Oct., **1221–1227**
Hemorrhagic disorders, in surgical patient, *1957:* June, **803–810**
trauma complicating, emergency treatment, *1956:* Oct., 1412
Hemorrhoidal arteries, variations in, *1955:* Aug., 1119, 1120
Hemorrhoidal veins, surgical considerations, *1955:* Aug., 1121
Hemorrhoidectomy, *1955:* Oct., 1461; *1957:* Dec., **1653–1661**
postoperative care, *1956:* June, 768-*1957:* Dec., 1658
principles and objectives, *1957:* Dec., 1653
technique, *1956:* June, 765; *1957:* Dec., 1656
Hemorrhoids, *1955:* Oct., **1457–1464**
internal, injection treatment, *1955:* Oct., **1465–1467**; *1956:* June, 764
St. Mark's operation for, technique, *1955:* Oct., 1460
office treatment, *1955:* Oct., 1505
recurrent, *1957:* June, 763
surgical excision, *1956:* June, 765
symptoms and diagnosis, *1955:* Oct., 1458, 1459
treatment, *1956:* June, **761–772**
Hemostasis, homeostatic, dynamics of, *1957:* Oct., 1474
in hand surgery, *1956:* Oct., 1341, 1344
Hemothorax, in chest injuries, *1955:* April, 520
thoracoscopy in, *1957:* Oct., 1331
treatment, *1956:* Oct., 1283
Henning's esophagoscope, *1957:* Oct., 1199
Heparin, as anticoagulant, *1956:* April, **474, 478**
Heparin, depot type, *1957:* Oct., 1494
Dicumarol and, differences in action, *1957:* Oct., 1490
effect on wound healing, *1955:* April, 475
in acute arterial occlusion, *1955:* Feb., 271, April, 535, 544
intra-arterial, *1955:* Feb., 269
injection apparatus, *1955:* Aug., 1140
laboratory control measures, *1957:* Oct., 1498
physiology and pharmacology, *1957:* Oct., 1491
use, clinical management, *1957:* Oct., 1499
Hepatic artery, variations in, *1955:* Aug., 1125
Hepatitis, diagnosis, *1956:* Feb., 134
homologous serum, *1957:* June, 676
infectious, *1957:* June, 676
primary, sphincterotomy in, *1955:* Feb., 145
serum, homologous, following colonic surgery, *1955:* Oct., 1339
toxic, *1957:* June, 676
viral, posttransfusion, *1955:* Dec., 1610
Hepatomegaly in portal hypertension, *1956:* Feb., 121
Hernia, diaphragmatic, transthoracic, *1956:* June, **631–639**
external, intestinal obstruction due to, *1956:* Feb., 111
femoral, strangulated, *1955:* April, 430
hiatus, of esophagus, transthoracic repair, *1956:* June, **631–639**
in pregnancy, *1955:* April, 491
inguinal, repair with tantalum mesh, *1955:* Feb., 180
strangulated, *1955:* April, 430
paraduodenal, *1956:* Dec., 1487
postoperative, in appendicitis, *1955:* April, 442
repair with tantalum mesh, *1955:* Feb., 177
repair, tantalum mesh for, 5 years' experience with, *1955:* Feb., **175–188**
retroperitoneal, *1955:* Dec., 1531
strangulated, management, *1955:* April, **429–439**
umbilical, concealed, *1955:* Dec., 1531
strangulated, *1955:* April, 430
ventral, repair with tantalum mesh, *1955:* Feb., 177
strangulated, *1955:* April, 430
Herniorrhaphy, inguinal, in adult, technique, *1957:* Dec., **1663–1673**
in infants and children, technique, *1957:* Dec., **1675–1682**
recurrences after, *1955:* Feb., 175, 176
tantalum mesh for, technique, *1955:* Feb., 177
Herniations, of cervical lumbar or thoracic disk. See *Intervertebral disk.*
Herpes simplex, mouth lesions, *1955:* June, 619
Hexylcaine for local anesthesia, *1955:* Oct., 1451

Hiatus hernia. See *Hernia, hiatus.*
Hibbs' subastragaloid operation, *1957:* Feb., 272
Hip, arthrodesis, two-stage method for difficult cases, *1956:* Aug., **1035–1050**
arthroplasty, functional training after, *1956:* April, 526
deformities, postpoliomyelitic, correction, *1957:* Feb., 277
disarticulation, prosthetic considerations, *1957:* Feb., 117, 127
dislocations, treatment, emergency, *1956:* Oct., 1272
fractures, in children, *1957:* Feb., 219
in elderly and infirm, *1955:* April, 557
in very aged, management, *1957:* Feb., **237–249**
nonunion of, treatment, *1957:* Feb., **251–268**
Hirschsprung's disease, *1955:* Oct., 1246
colon resection for, *1956:* Aug., **821–829**
during infancy, *1956:* Dec., **1511–1515**
management, *1956:* Dec., 1513
Histamine test for pheochromocytoma, *1956:* Feb., 202
Hodgkin's disease, of gastrointestinal tract, *1955:* June, 736
Hoke operation, Steindler modification, *1957:* Feb., 273
Homografts, use, in aortic aneurysm, *1956:* June, 627
Hormonal changes during pregnancy, *1957:* April, **341–352**
Hormone treatment, of amenorrhea, *1957:* April, 518
of carcinoma of breast, *1955:* Dec., 1547
Hormones, use, in surgery, hazards and safeguards, *1957:* Oct., **1425–1437**
Howard's esophagoscope, *1957:* Oct., 1200
Hufnagel valve, use, in aortic insufficiency, *1955:* Aug., 1037
Humerus, fractures, intramedullary fixation in, *1955:* Feb., 234
operative treatment, *1955:* Feb., 223; *1957:* Feb., 159
splinting, emergency, *1956:* Oct., 1262
supracondylar, with cold, white band, *1955:* April, 553
ununited, bone grafts in, *1955:* Feb., 216

induction, indications for, *1957:* April, 439
Labor, intravenous pitocin drip in, *1957:* April, **435–446**
management, in heart disease, *1957:* April, 335
stimulation, indications for, *1957:* April, 441
Laboratory examination of tissue removed at operation, *1957:* Aug., **1071–1083**
Laboratory tests in surgical diagnosis and treatment, *1956:* Feb., **205–214**
Lacerations, contused, treatment, initial, *1956:* Oct., 1254
intraoral, *1956:* Oct., 1324
of artery, management, *1955:* Aug., 1140
of cheek, *1955:* April, 568; *1956:* Oct., 1321
of cornea or sclera, *1956:* Oct., 1370
of ear, *1956:* Oct., 1323
of eyelid, *1956:* Oct., 1368
of flexor tendons of digits, management, *1955:* Feb., **189–194**
of forehead, *1956:* Oct., 1322
of kidney, *1956:* Oct., 1374
of lips, *1956:* Oct., 1320
of nose, *1955:* April, 570; *1956:* Oct., 1320
of scalp, *1955:* April, 579; *1956:* Oct., 1300
of urethra, *1955:* April, 511
Lambrinudi operation, *1957:* Feb., 274
Laminectomy in spinal injuries, *1955:* April, 596, 605; *1956:* Oct., 1305
Laparoscopy, *1957:* Oct., **1357–1366**
Laparotomy, diagnostic, in obstructive jaundice in infants, *1956:* Dec., **1545–1554**
obstruction or ileus following, *1957:* June, **719–724**
Laryngectomy, total, fistula following, plastic closure of, *1956:* June, **595–599**
"wide field," techniques, *1956:* June, **589–594**
Laryngoscope, Jackson's, *1957:* Oct., 1303
Negus, *1957:* Oct., 1305
Laryngoscopy, *1957:* Oct., **1301–1309**
anesthesia for, *1956:* June, **641–647**; *1957:* Oct., 1306
direct, *1957:* Oct., 1302, 1308
indirect, *1957:* Oct., 1301, 1308
preparation of patient for operative procedures, *1957:* Oct., 1305
sphere of, *1957:* Oct., 1307
suspension, *1957:* Oct., 1305
Laryngospasm, respiratory obstruction due to, *1957:* June, 625
Laryngostomy, technique, *1955:* April, 565
Larynx, carcinoma, laryngectomy for, total, fistula following, plastic closure, *1956:* June, **595–599**
"wide field," technique, *1956:* June, **589–594**

Larynx, obstruction, following thyroid surgery, *1957:* June, 606
Laymen, emergency care of injured by, *1956:* Oct., **1173–1189**
Leg, amputation, guide for management, *1956:* April, 528
prosthetic considerations, *1957:* Feb., 112
both bones, fractures, treatment, emergency, *1956:* Oct., 1270
fractures, splinting in, emergency, *1956:* Oct., 1262
lengthening or shortening, postpoliomyelitic, *1957:* Feb., 278
Leiomyoma, of colon and rectum, *1955:* June, 731, Oct., 1284
of esophagus, *1955:* June, 660, 720
of small intestine, *1955:* June, 727
of stomach, *1955:* June, 697, 723
jejunal obstruction to, *1956:* Feb., **243–245**
Leiomyosarcoma, of colon and rectum, *1955:* Oct., 1287
of esophagus, *1955:* June, 721
of small intestine, *1955:* June, 728
of stomach, *1955:* June, 694, 695, 724
Lens, biomicroscopy, *1957:* Oct., 1422
Leriche syndrome, surgical treatment, *1955:* Aug., **947–951**
vessel transplant in, *1956:* April, 446, 451
Leukoplakia, *1955:* June, 623
of vulva, *1957:* April, 539
Lichen planus, of vulva, diagnosis and treatment, *1957:* April, 536
with atrophy, *1957:* April, 537
oral lesions, *1955:* June, 624
Lidocaine for nerve blocking, *1955:* Feb., 16, Oct., 1450
Lifesaving treatment by laymen, *1956:* Oct., 1175
Ligament of Treitz, mistaken ideas about, *1955:* Dec., 1535
Ligaments, collateral, injuries, *1957:* Feb., 99
cruciate, injuries, *1957:* Feb., 98
of knee, tears of, *1957:* Feb., **91–102**
Ligation of internal carotid artery, controlled, observations on, *1956:* June, **567–582**
saphenofemoral, *1955:* Feb., 288, 289
Lip, cleft, *1956:* Dec., **1583–1597**
neonatal care prior to operation, *1956:* Dec., 1583
operative considerations, *1956:* Dec., 1586
operative technique, *1956:* Dec., 1587
speech and hearing problems, *1956:* Dec., 1596
treatment of parents, *1956:* Dec., 1583
lacerations, *1956:* Oct., 1320
Lipase, serum, in pancreatitis, acute, *1956:* Feb., 142
Lipoma, of colon and rectum, *1955:* Oct., 1283
Lipoma, of rectum, proctoscopic findings, *1956:* Feb., 164
of spinal cord, intradural, *1957:* June, 855–848
of stomach, *1955:* June, 699
Lipomul-Oral, use, after gastric resection, *1955:* Dec., 1690
Lipomyelomeningocele, treatment, *1956:* Dec., 1578
Liver, abscess, early surgery in, *1955:* April, 403
biopsy, in obstructive jaundice in infants, *1956:* Dec., 1550
needle, in portal hypertension, *1956:* Feb., 125
cirrhosis, portacaval shunts in, indications, *1955:* Aug., 1104
portography in, *1956:* April, 372
disease, peritoneoscopy in, *1957:* Oct., 1255
injuries, nonpenetrating, *1957:* Aug., 1042
wounds, emergency treatment, *1956:* Oct., 1293
nonpenetrating, management, *1955:* April, 394
Lobectomy, technique and safeguards, *1955:* Feb., **41–48**
Loose bodies in knee joint, *1957:* Feb., 101
Lowsley grasping forceps, *1955:* April, 510
ribbon-gut method of kidney repair, *1955:* April, 503–505
Lucaine for local anesthesia, *1955:* Oct., 1451
Lucid interval after head injury in children, *1955:* April, 587
Lumbar puncture in intracranial lesions in elderly, *1955:* June, 877

Skin, carcinoma, surgery of, quick frozen section in, *1956:* April, 341
grafts, facial, *1956:* Oct., 1324
in burns, *1955:* Feb., 201
in hand injuries, *1956:* Oct., 1351
in head and neck surgery, complications, *1957:* June, **587–592**
procedures for, clinical application, *1955:* Feb., **203–209**
patient's, preparation of, *1956:* April, 260
signs, in arterial disease, *1956:* Feb., 177, 179
tests, in carcinoma of lung, *1956:* Feb., 28
Skull, fractures, treatment, *1955:* April, 580
Sleeve resection in bronchoplasty, *1956:* Aug., 900
Smead stitch for disrupted wound, *1955:* April, 480
Smith fracture, *1957:* Feb., 28
Smithwick's sympathectomy for hypertension, *1955:* Feb., 258
Snare excision of rectal polyps, *1956:* June, 756
Sodium deficiency in pediatric surgery, correction, *1956:* Dec., 1457
exchangeable, total, measurement, radioactive isotope in, *1956:* April, 348
Soft tissue masses, surgery of, quick frozen section in, *1956:* April, 338
Solutions, replacement, hazards and safeguards in use, *1957:* Oct., **1447–1458**
Spasm, arterial, secondary to trauma, acute thrombophlebitis, etc., acute arterial occlusion and, differentiation, *1956:* Feb., 187
segmental, *1956:* Oct., 1333
vascular, traumatic, *1955:* Aug., 1141
Speculum, Yankauer, *1957:* Oct., 1303
Speech problems in cleft lip and palate, *1956:* Dec., 1596
Spermatic cord, torsion, *1955:* April, 513
Spherocytosis, hereditary, *1957:* Aug., 1126
Sphincter, anal, repair of, *1955:* Oct., 1491, 1492
Sphincter of Oddi, anatomy and physiology, *1957:* Aug., **947**
division of, indications, hazards and contraindications for, *1955:* Feb., **129–149**
principles and technique, *1956:* Aug., **865–882**
Sphincterotomy, endocholedochal, *1956:* Aug., 879
Spider telangiectasis, treatment, *1956:* Dec., 1659
Spinal anesthesia. See under *Anesthesia.*
Spinal cord, injuries, treatment, early, *1955:* April, **591–607**
lipoma, intradural, *1957:* June, **855–858**
Spine, fractures, compression, in aged with generalized osteoporosis, management, *1957:* Feb., **177–194**
operative treatment, *1955:* Feb., 230
fracture-dislocations, *1955:* April, 591
fusions, for low back pain, *1957:* Feb., 71
injuries, emergency management, *1956:* Oct., **1295–1307**
treatment in hospital, *1956:* Oct., 1303
Splanchnicectomy, and extensive bilateral thoracolumbar sympathectomy (Poppen), *1955:* Feb., **257**, 258
and thoracolumbar sympathectomy (Smithwick), *1955:* Feb., **257**, 259
subdiaphragmatic, and upper lumbar sympathectony (Adson), *1955:* Feb., 256, 257
Spleen, rupture of, *1957:* Aug., 1041
structure and physiology, *1957:* Aug., 1122
wounds, emergency treatment, *1956:* Oct., 1293
Splenectomy, *1955:* Feb., **93–105**; *1956:* June, **725–730**
for hypersplenism, *1957:* Aug., **1119–1182**
results, *1957:* Aug., 1175
for splenic neutropenia and panhematocytopenia, *1957:* Aug., 1160
for thrombocytopenic purpura, *1957:* Aug., 1149
indications for, *1955:* Feb., 93; *1956:* June, 725
pre- and postoperative management, *1955:* Feb., 95, 99
technique, *1955:* Feb., 96; *1956:* June, **725–730**; *1957:* Aug., 1171
with end-to-side splenorenal anastomosis, technique, *1955:* Aug., 1110
Splenic artery, variations in, *1955:* Aug., 1124
Splenography in portal hypertension, *1956:* April, **361–383**
Splenomegaly in portal hypertension, *1956:* Feb., 121
Splenorenal shunt in portal hypertension, indications and technique, *1955:* June, **674**, Aug., 1103, 1110

Splint(s), blanket or newspaper, for lower leg, *1956:* Oct., 1207
board, for lower extremity, *1956:* Oct., 1207
emergency, for extremities, *1956:* Oct., 1262
postoperative, in hand injuries, *1956:* Oct., 1357
sling and swathe, for upper extremity, *1956:* Oct., 1204
Thomas, *1957:* Feb., 196
Pearson attachment, *1957:* Feb., 196
traction, for thigh, *1956:* Oct., 1206
wire ladder for ankle or foot, *1956:* Oct., 1205
Sprains, of ankle, *1957:* Feb., 81
of knee, *1957:* Feb., 93
Sprue, mouth lesions in, *1955:* June, 621
Sputum, examination, in carcinoma of lung, *1956:* Feb., 28
Staining, neonatal, *1956:* Dec., 1660
Stains, port-wine, treatment, *1956:* Dec., 1660
Stamp grafts, *1955:* Feb., 206
Staphylococcal infections, *1955:* Dec., 1650
Starvation, impact of emergency surgery in, *1955:* April, 325
Steatorrhea, control, in chronic relapsing pancreatitis, *1955:* June, 781
Steindler-Hoke operation, *1957:* Feb., 273
Stellate ganglion block, *1955:* Feb., 14, 15
Stenosis, See under name of organ.
Stent grafts, *1955:* Feb., 206
Sterility, diagnostic evaluation, *1957:* April, **553–562**
hysterosalpingography and tubal insufflation in, *1956:* June, 773
myomectomy for relief of, *1957:* April, **563–577**
x-ray studies in, *1956:* Feb., 229
Sterilization, antiseptic, *1956:* April, 263
of instruments, *1956:* April, 266
Steroid therapy, hazards and safeguards, *1957:* Oct., **1425–1437**
in adrenogenital syndrome, *1957:* April, 527
in osteoporosis of aged, *1957:* Feb., 188
in pregnancy, *1957:* April, 347
Stevens-Johnson syndrome, *1955:* June, 624
Stomach, aberrant pancreas in, *1955:* June, 700
bisection, for bleeding varix, *1956:* Feb., 127
carcinoma, bleeding from, *1956:* Feb., 86, 87
diagnosis, delayed, *1957:* Aug., 911
operative, *1956:* Feb., 173
gastrectomy for, causes of death after, *1957:* June, 649
total, absorption after, *1955:* Dec., 1687
technique, *1956:* June, **673–685**; *1957:* Aug., **909–919**
Stomach, carcinoma, gastric ulcer as related to, *1957:* Aug., 1916
inoperable, *1957:* Aug., 914
prognosis, *1957:* Aug., 910
silent, *1957:* Aug., 911
surgical treatment, *1956:* June, 675–685; *1957:* Aug., **909–919**
cytology, brush test, *1956:* June, **649–652**
dilatation and atony, after subtotal gastrectomy, *1955:* April, 389
diseases, diagnosis, by gastroscopic biopsy, *1957:* Oct., **1239–1247**
drainage, planning replacement of, *1957:* April, 312
fibroma, *1955:* June, 699
leiomyoma, *1955:* June, 697, 723
jejunal obstruction due to, *1956:* Feb., **243–245**
leiomyosarcoma, *1955:* June, 724
lesions, diagnosis, symptomatic, *1956:* Feb., 72
lipoma, *1955:* June, 699
lymphomas, *1955:* June, 736, 738
lymphosarcoma, *1955:* June, 696
operations, gastroileostomy after, a preventable error, *1957:* June, **665–670**
mortality after, analysis, *1957:* June, **637–652**
progressive dietary care after, *1957:* June, **671–673**
quick frozen section in, *1956:* April, 336
perforation, traumatic, *1957:* Aug., 1041
polyps, *1955:* June, 697, 698
resection. See *Gastrectomy.*
sarcoma, *1955:* June, 693, 695
tumors, benign, *1955:* June, 723
other than carcinoma, *1955:* June, **693–702**
ulcer. See also *Peptic ulcer.*
bleeding from, *1956:* Feb., 86, 87
diagnosis, operative, *1956:* Feb., 173
gastrectomy for, causes of death after, *1957:* June, 646, 648
subtotal, *1956:* June, **661–671**
recurrence, postoperative, *1957:* June, **653–663**
relation to cancer, *1957:* Aug., 916
surgical treatment, *1955:* Feb., **81–92**
results, *1957:* Aug., 928
varices, bleeding, treatment, *1956:* Feb., 127
Stomatitis, *1955:* June, **617–627**
ulcerative, nonspecific, *1955:* June, 625
Stones. See *Calculi.*

methods, route and speed, *1956:* Oct., 1235
in surgical practice, *1955:* Dec., **1597–1611**; *1956:* April, **301–313**
massive, *1956:* April, 308
Transportation, in facial injuries, *1956:* Oct., 1311
in head and spinal injuries, *1956:* Oct., 1296
Transposition of great vessels, surgical treatment, physiologic considerations, *1955:* Dec., 1737
Transurethral prostatic resection, preparation and technique, *1956:* June, **779–784**
Transurethral resection for postoperative retention of urine, *1957:* Aug., 1012
Trauma. See also *Injuries.*
anesthesia and control of pain in, *1956:* Oct., **1239–1250**
chronic illness complicating emergency management, *1956:* Oct., **1405–1413**
emergency surgery of, symposium on, *1956:* Oct., **1171–1424**
patterns of, in automobile accident, *1956:* Oct., 1209

Trauma, presenting, to lay audience, *1956:* Oct., **1173–1189**
Treitz's ligament, mistaken ideas about, *1955:* Dec., 1535
Triage, *1956:* Oct., 1175
Triscuspid atresia, surgical treatment, physiologic considerations, *1955:* Dec., 1737
Tricuspid stenosis and insufficiency, cardiac catheterization in, *1955:* Aug., 932
correction during mitral commissurotomy, *1956:* Aug., 940
Trigeminal neuralgia, decompression of trigeminal root for, *1956:* Aug., **1145–1157**
Trigger finger or thumb, management, *1957:* Feb., 57
Tromexan as anticoagulant, *1956:* April, 474, 478
Trypsin, parenteral use, *1956:* April, 502
Tubal insufflation, and hysterosalpingography, technique, *1956:* June, 773
in infertility study, *1957:* April, 557
Tube, esophageal, diagnostic use, in bleeding varices, *1956:* Feb., 89
Tuberculosis, primary infection, bronchoplasty in, *1956:* Aug., 909
pulmonary, bronchoscopy in, *1956:* Feb., 19
lesions, behavior of, *1956:* Aug., 914
segmental resection, *1956:* Aug., **913–930**
trauma complicating, emergency treatment, *1956:* Oct., 1411
Tuberculous tensoynovitis, *1957:* Feb., 60
Tumor cells, angioinvasive and desquamated, in carcinoma of colon and rectum, significance, *1957:* June, **749–756**
Tumors, abdominal, in children, diagnosis, *1956:* Feb., 98
localization, radioactive isotopes in, *1956:* April, 357
malignant, of genitalia in female child, *1957:* April, 509
radiation therapy, principles and methods, *1955:* Feb., **49–56**
of organs. See under names of organs.
of respiratory passages, obstruction due to, *1957:* June, 629
radiotherapy as adjunct to surgery in, *1956:* April, 488
simulating infection in excised tissue, *1957:* Aug., 1081
Turell's anoscope, *1957:* Oct., 1263
sigmoidoscope, *1957:* Oct., 1265

Ulcer, anal, office treatment, *1955:* Oct., 1506
burrowing, chronic, *1955:* Dec., 1654, 1655
duodenal. See *Peptic ulcer* and *Duodenum, ulcer.*
esophageal, *1955:* Feb., 69
diagnosis, *1956:* Feb., 66
Ulcer, gastric. See *Peptic ulcer* and *Stomach, ulcer.*
gastrojejunal, postgastrectomy, *1955:* June, 706
role of pyloric antrum in production, *1955:* June, **711–718**
peptic. See under *Peptic, Duodenum, Stomach, Gastrojejunal.*
plantar, *1957:* Feb., 86
varicose, management, *1955:* Feb., **285–294**
Ulcerative colitis. See *Colitis, ulcerative.*
Ulna, dislocations, lower end, *1957:* Feb., 30
fractures, intermedullary fixation, *1955:* Feb., 234
lower end, *1957:* Feb., 30
operative treatment, *1955:* Feb., 224
ununited, bone grafts in, *1955:* Feb., 216
Umbilical hernia, concealed, *1955:* Dec., 1531
strangulated, *1955:* April, 430; *1956:* Feb., 113
Urban operation for breast cancer, indications, *1955:* Feb., 60
Uremia, diagnostic pitfalls, *1956:* Feb., 215
Ureter, catheterization, *1957:* Oct., 1354
injuries, emergency management, *1956:* Oct., 1377
surgical, *1955:* April, 505; *1957:* June, **775–782**
traumatic, *1955:* April, 502
ligation, inadvertent, in colonic surgery, *1955:* Oct., 1344
rètrocaval (postcaval), *1955:* Aug., 1129
Ureterovaginal fistula, diagnosis, *1956:* Feb., 221
Urethra, congenitally deformed opening on penis, *1956:* Dec., 1555
foreign body or stone, impacted, *1955:* April, 508
injuries, diagnosis and treatment, *1955:* Feb., 295, April, 511
emergency management, *1956:* Oct., 1382
prolapse, in female child, *1957:* April, 511
substitute, construction of, *1956:* Aug., **1131–1143**
Urethroscopy, *1957:* Oct., 1354
Urethrotomy, perineal, in operation for hypospadias, *1956:* Dec., 1564, 1565
Urinary tract, injuries, evaluation, in automobile accident, *1956:* Oct., 1218
management, emergency, *1956:* Oct., **1373–1384**
in fractures of bony pelvis, *1955:* Feb., **295–304**
Urine, examination, routine, danger in ignoring abnormal findings, *1956:* Feb., 223
incontinence, after operations on rectum and sigmoid, *1957:* Aug., 1013

Urine, retention, in colonic surgery, *1955:* Oct., 1344
postoperative, conservative treatment. *1957:* Aug., 1013
transurethral resection for, *1957:* Aug., 1012, 1014
tests, in surgical diagnosis and treatment, *1956:* Feb., 211
Urologic problems, following abdominoperineal resection, *1957:* June, **767–773**
of female children and adolescents, *1957:* April, 511
Urologic surgery, emergencies in, *1955:* April, **497–515**
Urology, diagnosis in, relative values of retroperitoneal pneumography and translumbar aortography in, *1955:* June, **887–898**
Uterus, cervix. See *Cervix uteri.*
endoscopic examination, *1957:* Oct., **1377–1386**
fibroids, in pregnancy, *1955:* April, 491; *1957:* April, 573, 575
surgical removal, for relief of infertility and sterility, *1957:* April, **563–577**
in young women, *1957:* Aug., **1101–1106**

VAGINA, absence of, congenital, Baldwin operation, *1957:* Aug., 1109, 1112
modified, *1957:* Aug., 1111
further results of treatment and a new technique, *1957:* Aug., **1107–1118**
McIndoe operation, *1957:* Aug., 1108
use of sigmoid, *1957:* Aug., 1112
foreign bodies in, in children, *1957:* April, 508
Vagotomy for peptic ulcer, *1955:* Feb., 90
postoperative symptoms, *1955:* June, 707
Valvulotomy, pulmonary, *1955:* Aug., 1009
Varco diet, *1955:* April, 482
Varices, esophageal, *1955:* Feb., 71, June, 631
bleeding from, *1956:* Feb., 85, 86
treatment, *1956:* Feb., 127
diagnosis, *1956:* Feb., 64
esophagoscopy in, *1957:* Oct., 1220
roentgen, *1956:* Feb., 122
gastric, bleeding, treatment, *1956:* Feb., 127
Varicose ulcer, management, *1955:* Feb., **285–294**
Varicose veins. See *Veins, varicose.*
Varicosities, hemangiomatous, treatment, *1956:* Dec., 1661
of leg, persistent or recurrent, *1955:* Aug., 1170
postphlebitic, *1955:* Aug., 1172
Vascular congestion in pregnancy, heart failure and, *1957:* April, 328
Vascular disease, surgery of, *1955:* Aug., 1133
Vascular emergencies, peripheral, management, *1955:* April, **543–551**
Vascular occlusion, mesenteric, *1955:* June, **773–774**
Vascular rings produced by anomalies of aortic arch system, surgical treatment, *1955:* Aug., **979–987**
Vascular spasm, traumatic, *1955:* Aug., 1141
Vascular surgery, symposium on, *1955:* Aug., **909–1173**
Vascular system in abdomen, variations and anomalies, *1955:* Aug., **1123–1131**
in colon, surgical considerations, *1955:* Aug., **1117–1122**
Vascular trauma, surgical treatment, *1955:* Aug., 1139
Vasodilatation, response to, in arterial disease, *1956:* Feb., 180
Vein(s), grafts, clinical applications, *1956:* April, **437–457**
use, in obstructive disease, *1957:* Dec., 1694
of abdomen, anomalies and variations, *1955:* Aug., 1128
of colon, surgical considerations, *1955:* Aug., 1120
pulmonary, anomalous connections, surgical treatment, *1955:* Aug., **997–1004**
varicose, diagnostic examination, *1955:* Aug., 1149
in pregnancy, *1955:* April, 491
perforating, incompetent, operation on, *1955:* Aug., 1169, 1171
persistent or recurrent, *1955:* Aug., 1170
stripping operation, *1955:* Aug., **1147–1173**; *1957:* Dec., 1699
therapy, surgical, *1955:* Feb., **285–294**; *1957:* Dec., **1699–1709**
Vena cava, absent, *1955:* Aug., 1129
inferior, anomalies and variations, *1955:* Aug., 1128
obstruction by scar tissue, vessel grafting in, *1956:* April, 455
preureteric, *1955:* Aug., 1129
Venipuncture in infants, *1955:* Feb., 308
Venography, entraosseous, technique, *1956:* June, **793–799**
Venous thrombosis, anticoagulants in, *1956:* April, 470
Ventilation, during anesthesia, *1956:* April, 290
of lungs, adequate, during surgical operations, *1955:* Dec., **1553–1571**
Ventilators, artificial, *1956:* April, 291
positive and negative pressure, *1955:* Dec., 1567
Ventral hernia, repair with tantalum mesh, *1955:* Feb., 177
strangulated, *1955:* April, 430

Ventricular septal defect, surgery for, selection of cases, cardiac catheterization in, *1955:* Aug., 927
with pulmonary stenosis, operations for, criticism of, *1956:* Dec., 1639
Ventriculoscope, Dandy's, *1957:* Oct., 1390, 1397
Putnam's, *1957:* Oct., 1394
Scarff's, *1957:* Oct., 1395, 1396
Ventriculoscopy, *1957:* Oct., **1387–1399**
Vertebra(e). See *Spine.*
Vertebral angiography, *1955:* Aug., **1057–1070**
Vertebral bodies, compression fractures, in generalized osteoporosis of aged, management, *1957:* Feb., **177–194**
Vesicovaginal fistula, diagnosis, *1956:* Feb., 220
Virus stomatitis, *1955:* June, 618
Vision, impaired, after head injury, *1955:* April, 582
Vitamin(s), deficiency, in carcinoma of colon and rectum, management, *1955:* Oct., 1206
wound healing and, *1955:* April, 474, 483
solutions, hazards and safeguards, *1957:* Oct., 1453
Vitreous, biomicroscopy, *1957:* Oct., 1423
Volkmann's paralysis, prevention, in supracondylar fracture of humerus, *1955:* April, 533
Volvulus of cecum, *1955:* Oct., 1397
of colon, *1955:* Oct., 1242, 1382, **1395–1399**
Vomiting in surgical emergencies, fluid therapy in, *1955:* April, 344
Vulva, Bowen's disease, *1957:* April, 540
dermatitis, atopic, *1957:* April, 533
contact, *1957:* April, 532
